All,
Attached are the two versions of the additivity report. For your consideration, Jeff and I have addressed, at least initially, all of the comments we received from the RAF committee, except some in Ch 6.

I was hoping to finish this earlier today, but I hope that you have a chance to read and think about the changes (all of which are in Track Changes). The comments we responded to are all contained in the RAF comments doc.

The teleconference will start at 10 AM. The call in Number is Ex. 6 Personal Privacy (PP) **and code is** Ex. 6 Personal Privacy (PP)
Thanks,
Glenn
