Subject: Latest PFAS spreadsheets from QAO
Attachments: B21-02 rinse data preliminary 2020-02-04 checks and recoveries-QAO-210217.xlsx; PFAS_Data Summary_Preliminary_PR_02032021-QAO-210217.xlsx

On the checks and recoveries spreadsheet I have placed flags for CCV and outside calibration range issues.

On the report I have placed some additional comments to consider adding.

Yan, you may need to get the thumb drive to get/find the latest Sciex instrument reports to verify proper integration of the CCV data. I suspect you guys have already looked hard at the Cal Curve data, and the reportable data integrations.

Paul
