Hi Terrence and Victor,

I'm in a conference from 9am-12pm and then busy from 1-3pm, so happy to speak between 8-9am, 12-1pm, or 3-4pm. The main item of discussion was the citizen's question regarding enforcement related to the facility's permitting. I then followed up with you on June 3 regarding these questions.

Sincerely,
Roshni

Hi Roshni. Hope you're doing well. We received a forwarded email from Kim Konte talking about a June 1, 2022 meeting she participated in with CARB and EPA. According to Ms. Konte, at this meeting both agencies confirmed that AAA is operating out of compliance with both the Clean Air Act and AB 2588. I've already spoken with Todd Sax from CARB, and I was hoping to speak with you as well to gain a better understanding of what occurred at that meeting.

I'm in hiring interviews this week and may not be available for Thursday's quarterly check-in, so I would prefer to have a quick phone call focused just on this topic. It should only take a few minutes; we can schedule a longer meeting for a later date if we need one. I'm available this evening and tomorrow in between interviews if you have time to talk.

Thank you.

TM
