Honestly, I don't recall if I sent this or not, so sorry if I didn't. The tour is from 1 – 3:30 on Thursday May 12. Locations are:

Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7)))]

Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7)))] is the corporate headquarters and the beginning of the process. There the whole tires are received, graded, and shredded. One of the products made there is shipped to the Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7)))] where it is made into rubber mulch and crumb rubber.

No discussion on how we will go from one place to the next. I guess we will figure it out once we are there. Does this help? If Bob needs anything, my cell phone number is Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7)))]

Hi Jackie –

Apologies if you already sent this, but I'm pulling together info for Bob for tomorrow – is the plan to meet a the main facility at 1pm, and then follow each other to the tire plant?

Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7)))]

Again, sorry if you sent this info on already – I searched my inbox and didn't find anything.

Subject: May 12 tour of tire crumb facility

We've scheduled a tour on May 12 , from 1 – 3:30, of the Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] and Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] both located near Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]]

Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] processes whole tires at its main facility into 4" pieces, then sends them to the Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] (about 20 minutes away) where the pieces are reduced into rubber mulch. The tailings from the mulch processing are used to make the various sizes of tire crumb, including crumb for turf infill.

We can bring 10 people with us to tour these facilities. So far, OLEM is bringing 5 people and CPSC will send 2 scientists. I will also attend, so we have 2 available slots if anyone else from ORD wants to go.

You are welcome to discuss with Fred or me to decide if anyone else from ORD will go. Please let me know if you have any questions. Thanks.

Jackie
