DRAFTAgenda Annual Tech Summary MtgLeviathan Mine_Jan26_12.02.16.docx

Thanks. Make sure everyone has the time allotted that the need.

A couple other changes were noted:

- Doug noted that we need to remove Vegetation Update/ Dr. Vic Claassen. That will be done by ARC this year.

- I'm copying Ned and Gary for an update on who will present this year on "EPA data observations: treatment season startup and shutdown"

- And let's make the correction that Coffee and snacks are to be provided by Atlantic Richfield

Thanks!

Lynda

Subject: Save the date: Jan 26 is the Annual Technical Update meeting: Leviathan Mine Superfund Site

Hello,

I would like to invite everyone to please save JANAURARY 26TH as the date for this year's Annual Technical Update.

This once a year meeting is a technical summary presentation of the year's site activities and a chance to discuss next steps and future plans.

DRAFT PROPOSED AGENDA will be send shortly. We will provide an overview of treatment activities performed this year and a review of progress on the Remedial Investigation and Feasibility Study (RI/FS). We'll also look forward to the coming year(s) and discuss the superfund process and our goals for a timeline and a final remedy for the site.

Thursday, January 26, 2017
1:00 PM – 5:00PM

Carson City Sheriff's Office, Sierra Room

911 East Musser Street in Carson City, NV

The Carson Water Subconservancy District has been kind enough to coordinate the meeting room.

Special thanks for their effort and support!

In order to ensure adequate space and resources, **please RSVP** by emailing me deschambault.lynda@epa.gov or call 415-947-4183 if you plan to attend or not.

If you have any questions or would like to provide suggestions for the meeting, please feel free to contact me. I look forward to seeing everyone in January.

Best Regards,

Lynda Deschambault
