Queries to the Author

Chapter Number: **Appendix 4**

Chapter Title: Elements of the Visual Learning Test

Query	Description	Author's Response
1.	**Section:** Reference **Author:** The reference "Ibid., Zhang et al. 1996" has no other information provided along with it to be identified. It is not cited in the text. Please check and provide details and citation.	
2	**Section:** STRENGTHS/WEAKNESSES **Author:** The sentence "Additional experiments are … with complex environmental cues." has been changed to read as "Additional experiments are needed to establish whether effects on maze performance reflect what may actually occur when foragers exposed to pesticides in the field are confronted with complex environmental cues." Please check if the intended meaning is preserved.
