Subject: Monthly Progress Report – May 2022
Rolling Knolls Landfill Superfund Site
Chatham, New Jersey

Dear Ms. Ketu:

This monthly progress report has been prepared in accordance with Section XI. 48 of the Administrative Settlement Agreement and Order on Consent (Agreement) between the United States Environmental Protection Agency (USEPA), and Chevron Environmental Management Company for itself and on behalf of Kewanee Industries, Inc., Nokia of America Corporation (f/k/a Alcatel-Lucent USA Inc.) and Novartis Pharmaceuticals Corporation (collectively, "Settling Parties") for the Rolling Knolls Landfill Superfund Site (the Site), which was entered on September 30, 2005. The reporting period for this progress report is May 2022. The progress report was prepared by Geosyntec Consultants (Geosyntec) on behalf of the Settling Parties.

1. Activities Performed During the Report Period

The Settling Parties conducted the following activities during the reporting period:

- Continued review of results for groundwater samples collected in February 2022 for analysis of per- and polyfluoroalkyl substances (PFAS). Work was conducted in accordance with the USEPA-approved Quality Assurance Project Plan (January 2022).
- Began preparation of PFAS results report.
- Requested a 30-day extension for submittal of the PFAS results report from May 13, 2022 to June 13, 2022. The request was made on May 12, 2022 and approved by USEPA on the same day.
- On May 27, 2022, provided an electronic data deliverable with the PFAS sampling results, and the results of a search for private wells within 1 mile of the Site, to USEPA.

2. Activities Scheduled for the Next Two Months

The Settling Parties will conduct the following activities during the next two months:

- Submit results of groundwater sampling for PFAS to USEPA.
- Review and respond to comments from USEPA on the revised Draft Feasibility Study Report (depending on when the comments are received).
- Conduct inspections and general maintenance of the drum storage area located adjacent to the Drum Area.

3. Problems or Schedule Delays

- None.

The next monthly progress report will be submitted to the USEPA on or before July 15, 2022. Please contact me at 609.493.9008 if you have any questions.

Sincerely,

John L. Persico, P.G.
Principal
