removed.txt

To follow up further on the BLM outreach, I spoke with Gene Seidlitz about the range of issues yesterday and I understand that Atlantic Richfield is meeting with BLM state office and solicitor Natalie Doherty next week.

Gene and I think it might be a good time to revisit and update the EPA, BLM, NDEP MOU to clarify roles in light of the upcoming remedy selection process for the site. We agreed to try to look at some time in October to meet with BLM and EPA.

Greg

Thanks for the information Adam.

I am reaching out to the new Acting BLM Deputy Director for Minerals for the Nevada State Office, Gene Seidlitz, to pick up the discussion on the BLM matters. I understood from our July 10 meeting that EPA was planning on reaching out to Natalie Doherty.

Subject: July 10 NDEP/EPA/AR Anaconda/Yerington mine site meeting - Requested Items

Greg and Andrew – During the July 10, 2015 meeting, EPA and NDEP requested that Atlantic Richfield provide copies of:

1. The draft environmental covenant previously sent to SPS for consideration, and

2. Our listing of issues for discussion with BLM.

Both items are attached here. Let me know if you have any related questions.

(We will be responding to Greg's request for comments on the meeting summary and a breakdown of ARC's OU8 O&M costs next week.)
