I'm not sure what he is talking about. We don't accept paper copies of cert apps and it doesn't look like they have registered any users for EV-CIS so they need to do that. Do you want me to reply?

Subject: Request for US EPA Manufacturer Code

May 16, 2019

Hello Three-Way Group,

The US EPA received your request for a manufacturer code. Three-Way Group Ltd was given the code **TWG** on April 27, 2016. This code is still valid and should be used when submitting documents to EV-CIS (formerly Verify). I have attached the information currently on file for Three-Way Group.

You may need to update your user information. Please go to https://www.epa.gov/vehicle-and-engine-certification/how-register-engines-and-vehicles-compliance-information-system-ev.

Thank you,
