Hi Pete, here's the record of conversation from the selenium call on 2/17/21 for your records. I hope I caught everything accurately.

Have a great evening!

Holly

Ha Ha....

I'll clean up the record of conversation which has the details of our call just for your files. It may come in handy at some point.

Have a great day!

Dear Holly:

I quickly read through this and it is perfect. No need to change anything.

Pete

Hi Pete, I hope your weekend was fun and fabulous!

Here are the call notes after being run through the bass-o-matic. Please edit as you wish and either circulate to the group or send me the edits and I'll revise and circulate them to the call attendees. Thanks!

I'll send the record of conversation to you shortly.

Enjoy the rest of this glorious Monday!

Holly

Hi Pete, sorry this selenium call summary is taking so long. I'm not trying to create a literary masterpiece. It's just that trying to condense nine pages into two or three pages is like trying to squeeze a 30 lb northern into your 10-lb capacity bass-o-matic....

What I'm going to do is to send just to you the record of conversation from our call for your file, and a separate brief call summary that we can circulate to the group (no one reads these things anyway). I'll you send the call summary today which you can review/edit when you have a chance to make sure I didn't miss anything.

I'll send you the record of conversation afterwards once I clean it up .

Thanks,
Holly
