I'm going to hold off on the Invenergy modeling comments until next week. I'm still waiting to see if ACHD responds to some of my comments, most notably the modeled 1-hr NO2 violation that I think is in their analysis. Have a good weekend and I'll send this Tuesday (unless you're out on Tuesday and then you'll get a copy shortly).

Hi Tim,

Thanks for reaching out. Tuesday or a day or two later is no problem. The 6/1 goal was for early contact with ACHD--you've coordinated with them on the modeling side and I discussed my preliminary comments with permitting this morning, so I think we're in a good place.

I have a meeting with Mary Cate next Wednesday (6/2) to discuss and will be preparing the letter in the days following.

Do you need my modeling comments by the end of this week or can this wait until Tuesday? Comments I think are due June 8th. Reason I ask is Ex. 6 Personal Privacy (PP) so I'd need her to look at them this afternoon if you needed them by tomorrow. Thanks in advance.
