Subject: FINAL Mead, NE GMAP planning -- Communications Elements
Attachments: 2021-09-09_EPACommsPlan_AltEn-GMAP-Monitoring.docx; EPA-FactSheet_GMAP_AltEnFacility.pdf

Attached is the final EPA Fact Sheet for our use.

The updated EPA communication plan is also attached.

- NDEE will determine if a media availability is warranted for Wednesday, Sept. 15 (the scheduled start date of the GMAP air monitoring). They will let the team know once that is decided.
- NDEE will post the Fact Sheet on their information web page.

The team members who will be in the field next week have shared our cell numbers with each other.

Let me know if you have any questions. Cell # 913-233-6308.

Subject: Mead, NE GMAP planning -- Communications Elements

[Draft Files Attached -- Not for Release]

Dear Colleagues,

BLUF (Bottom Line Up Front): Region 5 and NDEE, please check the accuracy of the attached Fact Sheet that outlines the deployment of the GMAP unit to the AltEn facility in Mead, Nebraska. I will share the final fact sheet with the group on September 8th.

Also attached is the communications plan I outlined during today's call between NDEE, R5 and R7.

Like the overall operations, NDEE is the lead for any proactive media engagement. **NDEE**: If you do decide to hold a media availability/event when the GMAP is deployed, EPA staff would not make any formal remarks as part of the event. However, Michael Davis and I would be there to answer media questions about the deployment in support of the state. Coordination will need to occur with Region 5 on timing of the GMAP unit's availability since the team will be busy conducting the monitoring work.

best,
Curtis
