Subject: ACTION: Quote approval, R6 Port of NO DERA grant
Attachments: Port of NO DERA grant.docx

Importance: High

For your review and comment. Both Corry and the program have reviewed.

"Modernizing our nation's aging fleet of diesel-powered vehicles is an important part of the Trump Administration's plan to further reduce harmful emissions and guide our communities from nonattainment, into attainment," **said EPA Regional Administrator Ken McQueen.** "These upgrades will reduce exposures to diesel pollution and will help communities see improved health outcomes for their residents."
