Mr. Reid and Ms. Wiggins

The GREENWASHING by Bloom at Equinix in NY is disgraceful. NYSERDA has been informed to claw back the NYSERDA subsidy. The capacity is not there.

GREEN LIES MATTER

Bloom lied to a Jesuit priest who is the President of Fordham University in the Bronx. He believed their lie that the Bloom box would green up his campus. He repeated the lie. Now he lives with the lie. The animals in the Bronx zoo near the Bloom Coffin breathe crap coming out of the coffin. There are VOCs and decoking emissions on top of the huge amounts of CO2

Mr. Reidf and Ms. Wiggins

Ask Lying Sridhar of Bloom is after 28 months your store will emit 930 pounds of CO2 per megawatt hour from the Bloom Coffins like Home Depot stores in NY. Remember the grid in NY only emits 415 pounds of CO2. If your projects took NYSERDA money we will find out how poorly they perform. Theranos was the Bloom of Blood, Bloom is the Theranos of Thermodynamics.

GREEN LIES MATTER

Did Bloom tell you they have HAZMAT? Did Bloom tell you they were fined by the EPA for the HAZMAT?

Did Bloom tell you they GREENWASH their CO2 emissions and are far dirtier than the Grid in NY State? 860 pounds CO2 per megawatt hour versus 415.

Now the zinger. NYSERDA shows just how poorly the Bloom coffin at your store in Peekskill performed. It sucked big time. 48% efficiency and 66.4% capacity factor.

https://der.nyserda.ny.gov/reports/view/performance/?project=525

Stop and Shop needs to stop GREENWASHING. The Biden EPA under Michael Regan will fine folks who greenwash CO2 emissions.
