Subject: WaterGen Visit - WaterGen to present technology, followed by Q&A session
When: Thursday, August 17, 2017 1:00 PM-3:00 PM (UTC-05:00) Eastern Time (US & Canada).
Where: Cincinnati - Cafe Conf Room #1; RTP - 310b; Colorado - R8DEN-2114-Aspen/R8-Wynkoop; call-in - **Ex. 6 - Personal Privacy**

Here's some more detail on the WaterGen visit next week.

Thursday, Aug 17th:

1pm-3pm - Room Café Conference Room #1 (with video link to Ardra and Mike). Watergen to present technology, followed by Q&A.

3pm-5pm – Travel to T&E to visit potential testing location

Friday, Aug 18th:

8:30am – 11:30am – Room AG-30. Discussion of SOW. (probably won't last this long)

There will be 5 visitors from Watergen, including Yehuda Cohen (CEO), Ed Russo (US lead), Avi Peretz (Chief Technology Officer). (Sharon Ram (Chemist), and Sharon Domberg (also listed as Chief Technical Officer). This group is visiting Ford Motor Company on Wednesday, and will fly to Cincinnati Thursday morning. The main purpose of the visit is to introduce ourselves to each other, familiarize EPA staff with the technology, and further define the logistics and content of our planned work. I will send out email for the meetings to everyone in a moment; was thinking it would be good for everyone to attend the 1 pm Thursday meeting, but the Friday meeting can be a smaller group involved in the testing (definitely Cissy and Mike Jahne, plus whoever else would like to attend).
