Hi,

6/17 is pretty booked for us although I might be able to miss part of my 10am.

6/18 from 9-12 is clear for us. Would that work for you?

We will gather a list of topics and send them prior to the meeting.

Thank you!
Christine

Good morning,

Would 06/17 be a viable date? We are both available from 0930-1230 on 06/17.

Please provide a list of topics you would like to address for the call and/or an agenda prior to the call, if possible.

Thanks,

Cassandra P. Forsyth

Hello All,

Do you have time on Friday or early next week to discuss some questions we have about this project? Friday is pretty clear except for 10-11am or Monday at 11am.

Thank you!
Christine

Good morning,

I have forwarded the application information via SAFE FTP site to both you and Mark. Please use password Ex. 6 Personal Privacy (PP) to access the file to protect encrypted data.

Alyssa Barkley, PM for the South Branch, will also be reviewing the project with me. Please CC her on your comments and following communications.

Thank you,

Cassandra P. Forsyth

Hi Cassandra,

Hope you are well. I see that you have a project out on PN. Can you share the alternatives analysis, mitigation plan, and SWVM sheets? Either I or Mark, copied on this email, will be reviewing. Thank you for your assistance.

Christine

Subject: Public Notice 20-14 (UNCLASSIFIED)

CLASSIFICATION: UNCLASSIFIED

Application No.: LRP-2018-730

Public Notice No.: 20-14

Date Comment Period Closes: July 2, 2020

Applicant: Benedum Airport Authority

Location: Unnamed tributaries of Peddler Run and Ann Run and adjacent wetlands near the North Central West Virginia Airport northeast of the city of Bridgeport, Harrison County, West Virginia (39.306050, -80.220450)

Project Description: The applicant proposes to construct the Terminal and Aerotech Park Phase I, of a two-phase project, which will involve airport expansion activities including the construction of a new terminal, taxiway, apron, parking lot, Taxiway H reconstruction, entrance roadway to the terminal, and an aeronautical industrial park by developing an area east of Runway 3-21 at the North Central West Virginia Airport. The project proposes to permanently fill 7,710 linear feet of 16 streams (1,493 linear feet perennial, 4,686 linear feet intermittent and 1,531 linear feet ephemeral) and 3.363 acres of 15 wetlands

(3.162 acres palustrine emergent, 0.036 acres palustrine scrub-shrub and 0.165 acres palustrine forested). Drawings of the proposed project are attached to this notice.

Mitigation for unavoidable impacts to Waters of the United States would consist of deducting a total of 1.929 acres of wetlands from the Brushy Fork Mitigation Bank and Hackers Creek Mitigation Bank. The applicant also proposes to restore/enhance/preserve 12,674 linear feet of ephemeral, intermittent and perennial stream channels, enhance of 1.202 acres of palustrine emergent wetland to palustrine forested wetland, and restore 2.501 acres of palustrine forested wetland by constructing the Little Run Mitigation Site.

Thank you!
