Subject: Shiloh Residential Results - Contains Private Information
Shiloh_Results_Table_-_ALL__VOCs_(PRIVATE INFORMATION).xlsx

Hi Chris,

This Contains Private Information.

Here is a table with all the Residential VOC water samples results collected at the Shiloh Site.

Mabins has been added as RW-00. This includes April, May, July and October samples. The results are in order by Location, then sample dates, therefore all the RW04 results are together. It notes RW, parcel, and street numbers. It also notes if the samples are pre or post water treatment.

Please also note there are two tabs. The first has only TCE and PCE, the other analytes are hidden. The second tab has a table showing all VOC analytes.

Let me know if this works and if you have any other questions.

Sincerely,

Nonresponsive based on revised scope
