Subject: RE: Remedial Actions for Mitigation Banks

Hi Lisa,

I believe Peterson Ranch (or maybe it's Soquel, my brain is a little fuzzy right now) is going to need some adaptive management to deal with non-natives. Shannon is the PM.

There have been several banks in SPN that need remedial action, but I'm assuming Bryan is coming up with that list.

That's all that comes to mind right now, but I'm sure there have been others. Hopefully someone with a more functional brain remembers.

Thanks,
Melissa

Subject: Remedial Actions for Mitigation Banks

Hello all,

The CA mitigation banking PDT has a workgroup focusing on performance securities issues for mitigation banks. We're doing a query of key IRT members to see if anyone has examples of remedial actions that were needed for banks in the Los Angeles District. Do you have any examples to share? These can be remedial actions that were needed either before or after performance standards were met, whether or not we drew on the performance security to cover costs.

Please provide the name and location of the bank(s), and the remedial action(s) required. Please provide the cause of the damage if it's not readily apparent from the remedial action taken.

Please respond by Sept. 6.

Thank you!
Lisa
