Actually, I was able to look this over this over.

I think it's fine and will have no problem responding and agreeing.

Subject: Smelter Hill Uplands RDU 3 NOIC letter

Andy – I am sharing the opening paragraphs of what will be completed as Atlantic Richfield's NOIC letter for the Smelter Hill Uplands UAO. Please take a look at the text which proposes two things: (a) defer AR's submittal of a Para. 52 notice for recording that describes Affected Property to no later than September 30th, and (b) defer EPA's response to the three NOIC letters (CSOU, WSC and Smelter Hill) to January 2017, with the possibility of deferring further so long as we are making progress on the Site-wide issues.

Please let me know if my wording is acceptable, and offer suggestions if you have any that would allow EPA to concur on deferral. The rest of the letter will look a lot like the WSC NOIC letter. Thanks.

Bill
