Subject: on Using Facebook Live at Council Session

Hi Sarah,

As we discussed in our meeting, I asked the Secretariat to provide more detail on how FB Live would work and how we can moderate questions to stay focused on the Council Session Theme. Based on the Secretariat's Pro/Con summary below, it seems we would be able to do FB live and moderate all questions -- from the room and FB-- to stay on topic and reach a broad audience.

Please advise on AO's preference given the Secretariat's information on the platform /process and past experience.

Regards,

Luis Troche

Hi Luis,

To respond to your request for an analysis of whether to use Facebook Live, we prepared the information below. I hope this is helpful.

Note that all questions that are passed forward to the ministers via the moderator will be screened first by the CEC's communications team and then the moderator themselves, so there is no opportunity for off-topic/inflammatory questions to be asked out loud in the room or via the broadcast. With this in mind, here is a list of pros and cons to consider:

Pros:
