Subject: FW: Working Group Update: Public Comment Period and Open House for Michel Coal
Attachments: VC Tracking table for North Coal Michel Coal Project 18 June V5b_July2.xlsx; 345440_US EPA_Final_VC_Responses_28May2019.pdf

FYI – If I am understanding this correctly, there are no more action items for us right now for Michel Coal. We commented on the draft VC as part of the working group, and now they are looking for public comments. Therefore, I don't think that we need to comment again at this time. Do you agree with that assessment? Thanks,
Jason

Subject: Working Group Update: Public Comment Period and Open House for Michel Coal

Hello Michel Coal Working Group:

The EAO has accepted the Michel Coal draft VC proposal for public comment. The public comment period will be 35 days long from July 25 to August 29. There will be an open house in Sparwood on August 1, from 4:00 to 8:00 pm and you are welcome to attend, if you wish. If you decide to attend, please let me know.

From this link you can access both the draft VC proposal and the advertisement for the public comment period and open house.

The following two files are also attached:

1. The tracking table with your review comments and North Coal's responses. Please let us know via email if you are not satisfied with any of North Coal's responses or have additional comments on the draft VC proposal.
2. The EAO's response to the US EPA's comments on the draft Valued Components proposal.

Regards,

JULIA TAYLOR
