Subject: RE: Food Waste and Green Sports Events

Dear Anna

Galletti's Dip Advisor wrote this message: "let's try to do it, but we need to end the event by 4:30-5:00 pm max since the Minister wants to welcome the Heads of delegations arriving at the hotel"

FYI
the G7 will be carried out in the same hotel where HoD plus 4 (TBC) will sleep

Hi, – Many thanks for sharing these helpful ideas on food waste and green sports. We are still brainstorming internally and we will consider this input as we develop notional concept descriptions which we hope to be able to share with you soon as the basis for more detailed discussions.

Regarding the potential food waste event in Bologna with Minister Galletti, would it be possible to arrange it on Saturday afternoon instead of in the morning? We understand that there is a morning flight from Rome to Bologna that could, in principle, allow the Administrator to be there for an afternoon event. Please let us know whether you think that will be possible.

Many thanks again, and as always, for your help and guidance.

All the best,
Anna

appropriate hotel in Rome that you can recommend for the Administrator's delegation? Right now, we are envisioning a core delegation of 5-6 people plus security and advance.

In April, we would like to start scheduling weekly planning calls that would include advance, public affairs, security, and us. Can you help us identify a timeframe for these calls that would work for you?

Regarding ESTH support in Bologna, I am making the pitch for supporting you and Fede, so please provide us the estimates. I do not believe they would support more than one person from Public Affairs. And, I imagine that Security will require one of your local security staff to accompany as well, but I will leave that up to their discussions with the RSO.

I would be happy to discuss any of this with you if it would be helpful. We appreciate all of your assistance and are looking forward to working with you towards a very successful and productive mission.

Best regards, Mark

Would Embassy still be able to support us if Rome bilateral mission was moved to June 7-9, or would you be too tied up with EMM?

Mark

Dear EPA friends,

Minister Galletti will probably go to China after the EMM in Bologna. If the Administrator is willing to come to Rome before Bologna, he can meet with the Minister.

Our USUN Mission (deals with FAO) is tiny, and two of the four American State officers are transferring out this summer. You can work with us on the food waste angle.

Ex. 6 - Personal Privacy will be your main contact in the Vatican.

Have a great weekend! Ex. 6 - Personal Privacy

Great talking to you in Washington! Here is a schedule with the edits that Fede made.

Ex. 6 - Personal Privacy Cardinal Turkson may not be the right cardinal for Administrator Pruitt to meet with. Is there a difference cardinal that would be more in the lane of food waste/loss and environmental innovations?

Ex. 6 - Personal Privacy and Ex. 6 - Personal Privacy, Administrator Pruitt knows of some companies working in Italy on environmental innovations, but you may know of others. He is also interested in trash free water, and American companies like P & G that are making Head and Shoulder bottles out of plastic collected along the beach.

Additionally, he owned a baseball team and there is a minor league team in Italy. The "green sports" refers to recycling at sporting events. We're interested in finding more about this team, but other sports teams with this type of practice may be interesting as well.

We may not have ambassadors by that time, so he would meet with the highest officers, which could be Rome and Vatican CDAs.

We are looking at the best time for Mark and the Administrator's advance person, Millan Hepp. We're looking forward to this visit, especially since it will be the Administrator's first foreign trip.

Hello Team Italy!

We can now inform you that EPA Administrator Scott Pruitt will attend the G-7 Environment Ministers Meeting in Bologna, Italy, June 11-12th. He would very much like to make a mission to the Holy See and Rome in the June 13-15 timeframe, flying home on June 16. We have attached a very notional schedule for your consideration and for us to

start from during our phone call. We completely understand that times/places/events can change/evolve and that we will work with our Embassy to the Holy See to arrange that part of the schedule.

Administrator Pruitt is very interested in confirming the timing as soon as possible. We have been instructed to confirm the timing with the Embassy and the Italian Ministry by early next week at the latest. We will be asking your help in either contacting Francesco La Camera directly or arranging a call between Francesco and our Acting Assistant Administrator Jane Nishida as soon as possible to discuss this timeframe. Jane and Francesco have interacted several times including at the G-7 in Japan last year.

Themes for the mission will include food waste/loss, environmental innovation, and green sports. I will be happy to discuss each during our teleconference later today. Also, we would want to identify a time perhaps a month ahead of time, that I would come out to do the substantive advance with you and our partners on the ground in Italy.

We look forward to working closely with you to make this first international mission for the new EPA Administrator a success for our Agency and the Embassy. I look forward to speaking with all of you later in the day and to seeing you in Rome.

Best regards, Mark

Hi, Ex. 6 - Personal Privacy and – I just tried calling Ex. 6 - Personal Privacy phone number and hoped to leave a message but for some reason the answering system didn't pick up.

Would you two be available to schedule a check-in phone call with EPA on either Friday or Monday? We'd like to get your feedback on a few things.

Please let me know your (un)availability and I can send around conference lines.

Best,
Anna
