DraftStatement on Red River Supply warehouse fire.docx

Joan, here is the final press release. Locals had no comments. Rich is prepared to send out in next half hour so he can get out in a timely manner to Williston media.

Importance: High

I just spoke with Shaun. Please remove the list of chemicals and let me know what the state's comments are? I'd also like to see the final before it goes out, including the header, logos, etc. Thanks. Joan

Okay – so Rich informed me that the intent was to issue this statement proactively today or by 5pm at the latest to media outlets.

And it has been or is being reviewed by the state for concurrence.
