Subject: Aerial images from fire incident
106460_burn_area_georef.pdf
106460_east_slough_reduced.pdf

All,

I will be sending the group the aerial images from the fire incident site, the Air Sampling and Analysis plan, and Environmental Sampling and Analysis plan. Please let Mikie Sopczak or myself know if you have any questions or concerns. I will be sending several messages to make sure none of data files are too large for your individual email systems. Thanks.

David R. Cawthon, Ph.D., DABT
