Subject: Re: Chlorine Resources

Regarding previous email, ATSDR will coordinate with KS Bureau of Epidemiology and decide who will be lead agency to field further inquiries regarding health risk questions.

Feel free to contact Corey if you have any immediate concerns.

most people use sections 3 and 4. At the links below my signature is our Tox Profile; the graphics in the health effects sections make pretty effective slides.

Since it was once a chemical warfare agent, the CDC Emergency Webpage for Chlorine has things like case definitions for surveillance and other products. You can also call 7100 and talk with Charles to start with.
