Draft

Hi George,

Sorry for not getting back to you sooner on this request but this is a particularly busy week! EPA is still evaluating the NJDEP comments at this time so we aren't in a position to share them.

Angela

Good morning, Angela,

I noticed in NJDEPs comments on our investigation that they've provided EPA with some additional input on the last version of the FS. Can EPA provide FWS copies of NJDEP's addendum to their comments on the March 2021 FS draft, and the June 13, 2022 correspondence with EPA regarding eco-based PRGs?

Thanks

Hi George,

I've attached DEP's comments. And just for the record, there is no EPA 'preferred alternative' at this point in time. Sigh…you'll see what I mean when you read them!

Good Morning Angela,

It's my understanding that NJDEP has submitted their comments on FWS's Data Gap Investigation report to EPA. Since EPA is the lead agency for Rolling Knolls we were told that due to NJDEP policy we would need to make a request to EPA to have a copy forwarded to us.

It would be appreciated if EPA can pass along those comments to FWS for review.

Thanks
