Yes, I believe Rockwool (or their PR firm) is taking the lead on setting up these events.

Thanks, Jacob.
Is it Rockwell that is having the meeting on Wednesday evening and was hoping to have EPA in attendance?
Thanks.

I don't know about anything tomorrow night. There may be a county commission or city council meeting or something, but nothing I am aware of.

Wednesday there are two events – a stakeholder meeting (they were trying to find someone from EPA I think) and a media event. I am not sure what time either event will be, since I think there was an effort to switch times. This event would not be only about the WVDEP-DAQ air permit, but would include several entities.

I am looping in Samantha Smith, my counterpart at Commerce.

She may have a contact for someone from Rockwool.

Jake – do you know anything about a public meeting tomorrow night in Ranson about a Rockwool or Roxul air permit?
It seems that Cosmo heard from Austin there is such a meeting scheduled for tomorrow night – please share with Mark and me what you may know.
Thanks.
