@Soto, Vicki here is a static copy ready for your quick check, pdf'ing and transmittal. Will Antoinette also be beginning the process of uploading this to the docket?

Subject: FW: STICS: Assigned as Approver: #ORD-050728: Summary of public comments received on the 2022 draft IRIS Toxicological Review of Formaldehyde (Inhalation)

Hi all,

I've approved the FA summary of public comments in STICS. My comments are as follows: Nicely done. No major comments or concerns. In the shared version, I clicked on "resolve" for all remaining comments as the edits and such have been addressed. There's one comment left open regarding Connelly and BBDR. I left this open because I responded and wanted folks to see. I don't think we need to say anything in this document about Rory's involvement but let's find a way to incorporate, if possible, as relevant in our presentation or perhaps it just goes into the future response to public comments. Kudos on this.

Thanks,
Samantha
