Okay, maybe I'll hold off on the LHP MOA and you can hold off on the URT MOA until we have a chance to discuss what we've separately identified.

Sure that would be good to do. I have gone through the LHP MOA. I accepted Jason's trackchanges and then added some edits and comments. I seems basically OK although some things jump out at me that need to be edited. I'll send when I've gone through the table at the end.

Hope you feel better soon.

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) I am only going to get through the URT MOA section today (I am taking some SL this afternoon to try and fight off a URT issue); maybe we can have a chat later this week about the MOA sections?
