Dear Mayor Lee and Supervisor Cohen:

Thank you for your letter of September 19, 2016, to EPA Administrator Gina McCarthy regarding the integrity of data delivered by Tetra Tech to the Navy at the Hunters Point Naval Shipyard.

You requested a briefing with senior EPA leadership from our Regional Office. Our Superfund Division Director, Enrique Manzanilla, and I would be happy to meet with you to discuss EPA's oversight of the Shipyard cleanup and transfer process. Lily Lee, EPA's Remedial Project Manager for the site has been in touch with Nicole Elliot, Director of Intergovernmental Affairs in the Mayor's Office, to work out the timing and location for this briefing. Ms. Elliot asked for a week or two to finalize the participants and logistics.

We share your interest in the integrity of data to support sound cleanup decisions, and look forward to the briefing.

Sincerely,

Deborah Jordan
Acting Deputy Regional Administrator
