Subject: Mayor Lee (SF, CA) Letter on Hunter's Point
Attachments: 9.19.16 Mayor Lee & Sup. Cohen Hunters Point Shipyard Letter.pdf

Importance: High

Cynthia,
Do you know if the attached incoming letter from Mayor Lee of San Francisco got logged in? If it isn't already, please log in and control to R9 per the request below. It's a mayor's letter, not a congressional -- I'm helping out to facilitate EPA's response. Thanks, Sven

Subject: (Hunter's Point): Mayor Lee (SF, CA) to Administrator
Importance: High

Please see attached.

I would expect that this letter will be controlled to Region IX through our Correspondence Management System (CMS), so our Superfund Division can begin working on a draft response for Alexis' signature. I will let everyone know once the letter is controlled in CMS to Region IX. Thanks.

OFFICE OF THE MAYOR
SAN FRANCISCO

EDWIN M. LEE
MAYOR

September 19, 2016

Administrator Gina McCarthy
U.S. Environmental Protection Agency
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460

Dear Administrator McCarthy:

It has come to our attention that, due to ongoing investigations regarding the integrity of data delivered by Tetra Tech to the Navy, the transfer of Navy property at Hunters Point Naval Shipyard to the City and County of San Francisco may be delayed.

The safety of our residents and workers is paramount, and we are committed to a thorough cleanup at the Hunters Point Naval Shipyard. This cleanup must be done in a way that protects the public health of our residents and the environment, and we are very supportive of the Environmental Protection Agency and the California Department of Toxic Substance Control undertaking a full review of any questionable data in furtherance of comprehensive cleanup.

San Francisco will not accept the transfer of any land until federal and state regulators are satisfied that the land is clean and safe, and our own Department of Public Health validates that decision.

The environmental cleanup of the property is a critical first step in the process of developing Hunters Point Shipyard – a project that will deliver desperately needed housing and long-overdue public benefits to the Hunters Point community. For that reason, we are requesting a briefing with senior Environmental Protection Agency leadership, confidential if necessary, so that we may better understand the scope and timelines of the investigations, and any potential impacts to the overall schedule for the delivery of these public benefits.

Sincerely,

Edwin M. Lee
Mayor, City & County of San Francisco

Malia Cohen
Supervisor, District 10
