Hello Team,

Now that the deadline for public input has passed, it is time to develop a proposed workshop agenda with format and a list of potential speakers and panelists. We are tasked with developing such a proposal for David Bussard et al by COB next Wednesday, Dec. 11th. He has arranged to discuss the workshop details with Ken on Dec. 16th.

We will begin to develop a proposal tomorrow during our formaldehyde team meeting. I have attached to this email a WORD table that summarizes the public input. I also attach a letter and attachment from the ACC that provides more detail. Finally I have attached our excel file where you can provide your own recommendations which only Tom has contributed to so far.

Thanks, Barbara and Andrew
