**Subject: Request for written explanation of why Treasure Island is not on the NPL Superfund Site list**

Hello EPA,

Can you explain in writing why Treasure Island, which has a Superfund ID number, is not on the NPL Superfund list?

When a few of us met with you recently, you explained why this site was not on NPL - which we disagree with.

As you know we and many others believe it should be on the NPL.

A number of residents and advocates are asking me about this, and we would all appreciate you putting in writing how TI got a Superfund number but why it apparently never made it onto the NPL list.

So could you put this in writing for us and others? Thanks

Bradley Angel
