Dear Dr. Nance,

Good morning. We are looking forward to today's announcement. Thank you for all of your hard work.

Attached are two items. I am sending them to share work that EPA has done in the past to emphasize the importance of zoning in EJ.

#1 A lawsuit vs. the St. James Parish Council for racism in siting of petrochemical plants.

pp. 81 - 90 show the clear double standard in protection of the white community.
pp. 60 - 61 show one DEQ Administration's attempt to emphasize the role that local councils should play in EJ protection
pp. 70 - 73 details EPA's work along those same lines.

#2 - the EPA report cited in the suit. It's entitled *Addressing Community Concerns: How Environmental Justice Relates to Land Use Planning and Zoning,* July 2003. I thought you'd like to see it.

Thank you!

Anne
