Hi Brandi,

Do you know if the administrator will be attending this event on Thursday? Please see below. I've copied Almeta Cooper who is helping to coordinate from Moms Clean Air Force. Let me know how I can help!

Heather

Importance: High

Hi,
I am taking you up for your kind offers of help in the past. Moms is a part of an Electric School Bus Event in Georgia this Thursday (see attached media advisory). Our Moms field coordinator is quoted in the media advisory.

The event is hosted by a coalition of 6 or 7 GA climate groups. The School District is in our sweet spot-- heavily African American and Hispanic. All of the School Board members & transportation director attending the event are African American. Blue Bird is providing an electric school bus.

One of the GA climate groups (Mary Linn @ Electrifcation Coalition) reached out to the EPA region 4 office for the administrator to attend (or a designee) - as of today no commitment. She contacted Dale Aspy and Alan Powell. Aspy.Dale@epa.gov' Aspy.Dale@epa.gov; 'powell.alan@epa.gov' powell.alan@epa.gov
Daniel Blackman was copied.

Please help us escalate the request for EPA Region 4 to participate in the press conference on Thursday in Clayton County Georgia.

Moms supported EPA in Seattle when the VP announced the awards and with 24 hours notice turned out in force at EPA's request with children speakers for the DC John Lewis Elementary School ESB event with Mitch Landrieu, Adam Ortiz & Janet McCabe among others. We are asking for EPA's Region 4 presence at this event in Georgia.

Thank you.
Almeta
