5-12-14

Sawyer - Bruce B.

Clean Harbors - owns it

TDM - gets diesel - recovers it
not working great

- photos - oil waste - stiff + hard material
2 truck loads

- treat wet waste w/ lime mix
or fly ash (expensive now)

①

②

5-12-14

TAT [redacted]

Herb Geveing - MSW LF
< 20 tons/year

LF closed - guy died
some clay as liner
monitoring wells -

5-12-14

③

Prairie Disposal - 1ST special waste LF

R-360 - owns it

- liquids unit -

- treat wet waste - fly ash and scoria

- cameras watch truck loads on scale

- did paint filter test on sample - took photos -
- sample passed

5-13-14

⑤

Secure Energy LF
(Special Waste LF)
(Canadian Co.)

Larry Methurst - GM
Nick Pearson - Senior Operator

- turn back wet loads
- putting down wattles (hay) for erosion control
- load just dropped - took photos

④

5-13-14 Wisco - building LF now - deep hole - massive construction
(oil/gas)

Zack Hill -

scrapers -

Dan Rhoades -

[erosion controls
silt fence]

5-13-14 Dishon

⑥

Jen
Allison Johnsrud

- took photos
saw 2 loads

⑦

City of Williston LF

Brad

- compost - static pile
windrow - turner
- metal recycling

300 tpd

TENORM waste
MT → 30
ND → 5

⑧

IHD - Williston office - ND wants LF located high + dry, < 9-10% grade (fairly flat)

Kris Kreger

5-14-14

(8)

IHD

Kris Kreger

Christine - in office

Don't take wet loads. OSM On site maintenance
Require wet loads to go to ~~[illegible]~~ nearby to get fly ash mixed in. For a fee

- Mix loads to get more consistent packing

JMAC - owns both companies - IHD, OSM, etc.

Took photos of old loads, not fresh

(9)

Nuverra

Ideal Oilfield Waste
Alan Homer

- turned back a radioactive load this am 1.5 pci/gm

- turn down wet loads

Mike - operator from OK
orange shirt

- saw liners - big piles
- steep slopes for mud

(10)

McKenzie Co MSW LF
Rick Schreiber

filter socks come w/production activities, not development. (drilling)
(Comes in stages.)

All counties on west communicate w/each other (on hot loads).

tarp law problems -
Gary - ND DOT

before:
20 lb/day
now:
300 lb/day → Friday
100-150 lb/day - winter

4.5 lbs trash generated/person
100-125 people/rig

(11)

Tervita - Blue Buttes

- David Sammiguel -
- Ken Butler
- take waste from Closed Loop - service their own waste (Tervita)
- also get other waste

Jordan Becker - contact for red sand sampling

have ↑ waste volume in last few months

no photos -
they will send photos of waste
