Subject: Source Reduction Assistance Grant Program

Hi Kate,

I get the grants.gov daily digest and noticed the following grant opportunity a week or two ago:

EPA
Environmental Protection Agency
FY 2018 and FY 2019 Source Reduction Assistance Grant Program Synopsis 2
https://www.grants.gov/web/grants/view-opportunity.html?oppId=307060

I sent it out to some constituents, but then I saw in a footnote that EPA Region 1 is not participating, which surprised me. Did I understand this correctly, and if so, are there any similar Region 1-specific grant programs that I could point constituents to? I see on the main EPA website there is another P2 grant listed, but it doesn't look like businesses are eligible (the interested VT applicant is a business association). Since the P2 project they have in mind is related to energy I pointed them toward USDA's REAP program, but I'd also be interested in sharing any info on EPA opportunities that might be available.

Thanks!
Haley
