Hi Kim –
I left a voice mail with Dave about that. I am attaching the document here. I realized I couldn't review it in time today or this week for that matter. I have something else I must get out before I leave. I will be in California until at least the 4rth. My contact info is **Ex. 6 - Personal Privacy** I will bring some Pend Oreille information with me.

I haven't had the chance, but can actually turn to it now. Good timing.

Meanwhile, can you check in to make sure the letter and disk went out in the mail to Dirk Middents on FOIA 6319?

Helen, Here is what Ben has to date. I would like to send this to HQ on Friday. It is okay by me if what we send them is incomplete.
