Thanks, Martin. I've also heard from Victor and Rob, and I will plan to propose 10:30 (Denver time) on this Friday, April 5, to Dylan.

If anyone who wants to sit in on the call cannot make it at that time, please let me know by 11:00 today (and propose an alternate time on Friday, sometime after 10:30 a.m.)

Thanks, again!
Sandy

Subject: UPDATE -- RE: Request from Sen. Tester staffer for conf call re EPA Site Reassessment for Columbia Falls Smelter
Importance: High

All -- Dylan responded this morning asking if the call could happen tomorrow or Friday. Please let me know if the Qs and As are ready, and what day/time would work best for Victor, Rob and any others who would like to be on the call.

Thanks!!
Sandy

Importance: High

Hi, All -- I have not heard back yet from Senator Tester's staffer, Dylan Laslovich, in response to the times I suggested for this Tuesday or Wednesday. So, so when I do hear back from him, I can let him know that we now need to move the briefing to ?? Thursday??

Please keep me posted on the progress of the Qs and As and when you'd like me to try again to schedule the call. I will check with Dylan on including Virginia Sloan (with Tester's office in Kalispell); but as I mentioned before, I don't think it would be a problem to include her. When I reach out to Virginia,

I'll ask her if there are questions she'd like to have covered on the pending call that will help her be prepared to talk about CFAC at the Flathead Basin Commission meeting.

I'll look forward to hearing back on a new proposed date/time for the conf. call.

Thanks, again!
Sandy

Victor - Martin would like us to prepare some Qs and As prior to the call so we can make sure we are clear about our messages. I also asked Sandy Fells to reach out to Virginia Sloan to make sure any questions she might have prior to the Flathead Basin Commission meeting are covered.

Libby - this is a new site in MT that we will be reassessing for potential NPL listing. Senators Baucus and Tester are both interested in the site and have asked EPA to assess the site. Can you assign a CIC? Thanks

Johanna

Hi, Victor -- Senator Tester's staffer, Dylan Laslovich, has provided some details (below) about what he'd like to discuss. Please let me know who all should be on the call, and also a time next Mon, Tues or Wed that would be okay for you to do the call, and I'll propose it to Dylan.

As always, many thanks for your help with these requests!!
Sandy

You are right. I am looking for details on what goes into the planning stages as well as what happens on the ground when the assessment is taking place. It would also be helpful to hear about where there engagement with MT DEQ and public stakeholders take place. Finally, I appreciate the difficulty in nailing down a time frame, but I will likely ask about what issues will most impact the timeline.

Hi, Dylan -- Sure! Sounds like you're looking for a few more details on the activities that would go into the Site Reassessment. Do you have specific questions or concerns that you'd like to have addressed? That will help me get the right EPA folks on the call.

Would you like to propose a day / time next week that works best for you, and I'll schedule our folks around it.

Thanks!
Sandy

Thanks so much Sandy. Would it be possible to schedule a call with appropriate EPA staff to learn more about this process? Perhaps for early next week?

Hello, Dylan -- EPA's response to Senator Tester and Baucus' March 5 letter on behalf of Columbia Falls is attached. Ms. Virginia Sloan with Senator Tester's office in Kalispell is also receiving a copy via email.

Please let me know if you have questions or comments on our letter.

Thank you,
Sandy
