Proposed Pebble Project Overview Map 111517.pdf

All-
I reviewed the information attached to Sheila's message which includes meeting agenda, list of potential required authorizations/permits, and pre-application project description. In her email she welcomes comments or questions.
While I have a number of questions on the project description, which is fairly high level, these can wait until we have the call on Thursday.
If you have questions/comments to ask before the meeting or additional agenda topics, please send them to David and I so that we can consolidate and send to Sheila.
Thanks-
Patty
