Brian,

I have attached revised versions of the responses prepared by Roux with EPA comments added as needed. In general, they have agreed to the comments that were provided. However, there are two comments that you had provided that they dismiss (one in each Word file). Can you please take a look at the two responses that I have identified and add a response as appropriate? I have also attached the reference that was requested by Roux. This should be sent along with the responses. Feel free to contact me if you'd like to discuss any of the responses.

Thank you,
Erin

Subject: RE: EPA comments CFAC BERA Interim Deliverable TMs

Mr. Cirian,

On behalf of CFAC, attached are the responses to USEPA comments on the draft Interim Deliverables for the Baseline Ecological Risk Assessment Work Plan.

We are proceeding with preparing the risk assessment and will incorporate these responses into that process.

Please contact me if you have any questions regarding this submittal.

Thank you,
Laura

Subject: EPA comments CFAC BERA Interim Deliverable TMs

Laura:

On behalf of Mike Cirian, attached please find EPA's comments to the draft *Technical Memorandum: Proposed Refined Ecological Screening Values to Support the Baseline Ecological Risk Assessment at the Columbia Falls Superfund Site, Former Columbia Falls Aluminum Company Aluminum Reduction Facility, Columbia Falls, Montana* dated September 25, 2018, and draft *Technical Memorandum: Proposed Wildlife Exposure Modeling Approach to Support the Baseline Ecological Risk Assessment at the Columbia Falls Superfund Site, Former Columbia Falls Aluminum Company Aluminum Reduction Facility, Columbia Falls,* Montana dated August 17, 2018.

Please delete the comments to the BERA interim deliverable that I sent yesterday, as I noticed a slight formatting error, and use these two instead.

Thanks,

Gunnar Emilsson, P.G., P.E., BCEE
