Subject: Bristol Bay Assessment Schedule

It is becoming clear that some of the pieces for the revised Bristol Bay Assessment are not quite coming together according to our schedule, and that not all of the chapters will be completed by this Friday. To be totally honest, I will not have the revised Chapter 1 completed by this Friday, and I have one of the easier chapters!

In response, the November 9 deadline for the delivery of revised chapters has been extended. We will discuss a revised schedule during the Thursday technical call on November 8, so think about how much more time is realistically needed to complete

revisions. I suspect we will be extending our deadlines by one or two months, but before we solidify a new schedule, I would like everyone to have the opportunity to provide input.

A reminder, that our discussions of schedule and progress are all deliberative and to be kept within the team. Any questions about the Bristol Bay Assessment, from within the Agency, from within the federal government, or from outside parties, should be directed to the EPA Region 10 Communications staff.

Thanks!

Jeff
