Subject: Recruiting scientists in my new job at EPA

Dear colleagues,

I hope this message finds you well. You may have heard that I left IARC and now direct the chemical risk assessment program at the U.S. Environmental Protection Agency. Although it's good to return home, I miss IARC, I miss living in France, and I miss interacting with the world-class experts we invited to Monograph meetings.

I'm writing to ask your help in recruiting scientists for my program at EPA. At IARC we hired several excellent candidates recommended by Monograph experts, and I hope to replicate that here. Currently, we can fill the following positions, all in Arlington VA near Washington DC:

1. Cancer biologist/Toxicologist, GS-14, $105-136k (closes 3 June)
2. Health scientist/Epidemiologist, GS-11/12/13, $62-115k (closes 17 June)
3. Statistician, GS-12/13, $74-115k (closes 7 June)
4. Biologist/Toxicologist, GS-11/12/13, $62-115k (closes 17 June)

Interested candidates must apply thru the website http://www.usajobs.opm.gov/. Type "IRIS" into the keyword field and these four announcements should appear. Please ask candidates also to contact me so I will know they come recommended by a good source.

I wish you all well, and I hope our paths will cross again.

With warm regards,
Vince Cogliano

Acting Director, Integrated Risk Information System (IRIS)
National Center for Environmental Assessment
U.S. Environmental Protection Agency
1200 Pennsylvania Ave NW (8601P)
Washington DC 20460
