Subject: Invites for Scl Stakeholder Meeting

Hi Scientific Integrity Committee Members,

Scientific Integrity is in the process of sending out our invites to the Stakeholder meeting on June 14th (you should be receiving your invites shortly). Please let us know if you have any external stakeholders that you would like to have added to the list!

Thank you!

Emily

Dear Rick,

Thank you for your help in forwarding invites to last year's Scientific Integrity Stakeholder meeting. We will again be holding a joint industry and nongovernmental organization stakeholder meeting this year. You should be receiving an invite to the EPA Scientific Integrity Stakeholder meeting shortly, and we hope that you will join us.

We would appreciate your assistance once again in extending our invitation to regulated industry stakeholders. The details of the meeting will be included in the invite you will be receiving.

Thank you in advance!

;;;
Greetings,
It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting
Wednesday, June 14th, 2017
3:00-5:00 PM
Ronald Reagan Building Mezzanine, Room 301 A-B
RSVP Required: scientific_integrity@epa.gov
Audioconference No: 1-866-299-3188 code: 202-564-6811
Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/
**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.
Sincerely,
Francesca T. Grifo, Ph. D.
Scientific Integrity Official
US EPA Office of the Science Advisor

EPA Scientific Integrity Annual Stakeholder Meeting

Your message to ykothair@ucsusa.org couldn't be delivered.

When Office 365 tried to send your message, the receiving email server outside Office 365 reported an error.

brantner.emilyk	**Office 365**	**ykothair**
Sender		**Action Required**
		Policy violation or system error

How to Fix It

Check the "Reported Error" from the "Error Details" section shown below for more information about the problem. The error might tell you what went wrong and how to fix it. For example, if the error states that the message was blocked due to a potential virus or because the message was too large, try sending the message again without attachments.

If you're not able to fix the problem, it's likely that only the recipient's email admin can fix it. Contact the recipient by some other means (by phone, for example) and ask them to tell their email admin about the problem. Give them the "Reported Error" from the "Error Details" section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.0.350

The error reported by the receiving server wasn't specific enough to determine the exact nature of the problem. These errors often indicate the message violates a security or policy setting configured on the recipient's email servers.

If the sender is unable to fix the problem by modifying their message, then it's likely a problem that only the recipient's email admin can fix. Try the following:

Check the error for information about the problem - The "Reported Error" returned by the external email server can be found in the "Error Details" section below. This error might tell you what went wrong and provide clues for how to fix it. For example, if the error states the message was rejected due a Sender Policy Framework (SPF) issue, then you'll have to work with your domain registrar to correctly configure your domain's SPF records.

Check the error for information about where the problem is happening - For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

If you can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. For security or policy violation issues, it might be sufficient for them to just add your sending IP addresses or domain to their allowed senders list.

It's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

EPA Scientific Integrity Annual Stakeholder Meeting

Your message to ggoldman@acsusa.org couldn't be delivered.

ggoldman wasn't found at acsusa.org.

brantner.emilyk	**Office 365**	**ggoldman**
Action Required		Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- **Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.1 in Office 365, and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 550 5.1.1 in Office 365.

Subject: Please send me the details re June 14 EPA Scientific Integrity Stakeholder Meeting

Hi Emily

I see on my calendar the meeting had been set for June 14. Can you please send me all the particulars so I can pass these along to other trade associations and include in our members newsletter. I'm sure some folks will want to hook in via the web, so please include this info too

Thanks

Rick

Dear Rick,

Thank you for your help in forwarding invites to last year's Scientific Integrity Stakeholder meeting. We will again be holding a joint industry and nongovernmental organization stakeholder meeting this year. You should be receiving an invite to the EPA Scientific Integrity Stakeholder meeting shortly, and we hope that you will join us.

We would appreciate your assistance once again in extending our invitation to regulated industry stakeholders. The details of the meeting will be included in the invite you will be receiving.

Thank you in advance!

Emily

Hi Rick,

The information should be attached to the calendar invite. Are you not able to see it? I'll have to send it out to the other participants too if it didn't go through. Here is the information that was included:

"Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

brantner.emilyk	**Office 365**	**ggoldman**
Action Required		Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- **Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.1 in Office 365, and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 550 5.1.1 in Office 365.

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting
Wednesday, June 14th, 2017
3:00-5:00 PM
Ronald Reagan Building Mezzanine, Room 301 A-B
RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.
Scientific Integrity Official
US EPA Office of the Science Advisor

Your message to ykothair@ucsusa.org couldn't be delivered.

When Office 365 tried to send your message, the receiving email server outside Office 365 reported an error.

brantner.emilyk	**Office 365**	**ykothair**
Sender		**Action Required**
		Policy violation or system error

How to Fix It

Check the "Reported Error" from the "Error Details" section shown below for more information about the problem. The error might tell you what went wrong and how to fix it. For example, if the error states that the message was blocked due to a potential virus or because the message was too large, try sending the message again without attachments.

If you're not able to fix the problem, it's likely that only the recipient's email admin can fix it. Contact the recipient by some other means (by phone, for example) and ask them to tell their email admin about the problem. Give them the "Reported Error" from the "Error Details" section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.0.350

The error reported by the receiving server wasn't specific enough to determine the exact nature of the problem. These errors often indicate the message violates a security or policy setting configured on the recipient's email servers.

If the sender is unable to fix the problem by modifying their message, then it's likely a problem that only the recipient's email admin can fix. Try the following:

Check the error for information about the problem - The "Reported Error" returned by the external email server can be found in the "Error Details" section below. This error might tell you what went wrong and provide clues for how to fix it. For example, if the error states the message was rejected due a Sender Policy Framework (SPF) issue, then you'll have to work with your domain registrar to correctly configure your domain's SPF records.

Check the error for information about where the problem is happening - For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

If you can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. For security or policy violation issues, it might be sufficient for them to just add your sending IP addresses or domain to their allowed senders list.

It's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

EPA Scientific Integrity Annual Stakeholder Meeting

Your message to janet@wri.org couldn't be delivered.

janet wasn't found at wri.org.

brantner.emilyk	**Office 365**	**janet**
Action Required		Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- **Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

Where: Ronald Reagan Building Mezzanine, Room 301 A-B
Greetings,
It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting
Wednesday, June 14th, 2017
3:00-5:00 PM
Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov
Audioconference No: 1-866-299-3188 code: 202-564-6811
Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/
**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Canceled: EPA Scientific Integrity Annual Stakeholder Meeting

Your message to ykothair@ucsusa.org couldn't be delivered.

When Office 365 tried to send your message, the receiving email server outside Office 365 reported an error.

brantner.emilyk	**Office 365**	**ykothair**
Sender		**Action Required**
		Policy violation or system error

How to Fix It

Check the "Reported Error" from the "Error Details" section shown below for more information about the problem. The error might tell you what went wrong and how to fix it. For example, if the error states that the message was blocked due to a potential virus or because the message was too large, try sending the message again without attachments.

If you're not able to fix the problem, it's likely that only the recipient's email admin can fix it. Contact the recipient by some other means (by phone, for example) and ask them to tell their email admin about the problem. Give them the "Reported Error" from the "Error Details" section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.0.350

The error reported by the receiving server wasn't specific enough to determine the exact nature of the problem. These errors often indicate the message violates a security or policy setting configured on the recipient's email servers.

If the sender is unable to fix the problem by modifying their message, then it's likely a problem that only the recipient's email admin can fix. Try the following:

Check the error for information about the problem - The "Reported Error" returned by the external email server can be found in the "Error Details" section below. This error might tell you what went wrong and provide clues for how to fix it. For example, if the error states the message was rejected due a Sender Policy Framework (SPF) issue, then you'll have to work with your domain registrar to correctly configure your domain's SPF records.

Check the error for information about where the problem is happening - For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

If you can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. For security or policy violation issues, it might be sufficient for them to just add your sending IP addresses or domain to their allowed senders list.

It's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

Your message to janet@wri.org couldn't be delivered.

janet wasn't found at wri.org.

brantner.emilyk	**Office 365**	**janet**
Action Required		Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- **Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting
Wednesday, June 14th, 2017
3:00-5:00 PM
Ronald Reagan Building Mezzanine, Room 301 A-B
RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.
Scientific Integrity Official
US EPA Office of the Science Advisor

Administrator Meeting Request Form.ORD.OSA.scientific integrity.docx

Dear Scientific Integrity Team,

There has been some interest in your upcoming external stakeholder meeting from OP and OPA. It has been suggested that we solicit input for stakeholders to invite to the meeting. I've added that to the attached revised briefing request. I also added Ryan Jackson (Chief of Staff), Samantha Dravis (OP AA), J.P. Freire (OPA AA), and Mike Flynn (acting DA) to the required attendees in addition to Bob, Francesca, and Tom. We don't need to include the Administrator because this is all about the Administrator.

I note that Emily is out until May 22. Can Marti or someone else be the POC for this?

I'd really like to send this over Monday so please let me know if this is acceptable.

Thank you.

Liz

Hi Scientific Integrity team!

I haven't heard back from you and don't want to let this languish.

What do you think about my questions below? Would you like us to just submit as is?

Thanks

Liz

Hi Emily and all,

Thank you for sharing this. I'm wondering if he might be more interested in having a briefing if you had a specific question or ask of him. I know you're having your external stakeholder meeting. Maybe you can ask him for potential stakeholders? Other ideas? I'm just trying to get to yes and I think we might need more of hook.

Let me know what you think.

Subject: Administrator Meeting Request

Hi Liz,

I'm attaching a meeting request form for Francesca Grifo to meet with Administrator Pruitt. Please let me know if there's anything else that I need to do to make it happen.

Thank you!

Emily

Meeting Request Form for Administrator Scott Pruitt

Today's Date: May 15, 2017

Requesting Office: Office of Research and Development/Office of the Science Advisor

Title of the Meeting: Scientific Integrity Policy Briefing

Purpose: to brief Administrator Pruitt and his advisors on the basics of the Scientific Integrity Policy and how it is being implemented at EPA, and solicit any external stakeholders who should be invited to the June 14th Annual Stakeholder Meeting.

Role of the Administrator: to raise any questions or concerns he may have regarding scientific integrity at EPA and provide a list of external stakeholders to be invited to the Annual Stakeholder Meeting.

Background: Scientific integrity is the adherence to professional values and practices when conducting, communicating, supervising, influencing and utilizing the results of scientific research. It ensures objectivity, clarity, reproducibility, and utility, while protecting against bias, fabrication, falsification, plagiarism, outside interference, and censorship. The EPA Scientific Integrity Policy is a roadmap to ensuring high standards of scientific integrity at the EPA. The policy details the components of a culture of scientific integrity, and provides a framework for Agency-wide compliance. The policy also requires that the Scientific Integrity Committee provide an annual meeting and report on scientific integrity implementation and scientific misconduct issues within the Agency. Annual Scientific Integrity meetings have been convened since 2013 and the next Annual Stakeholder meeting is scheduled for June 14th.

Last possible date for the meeting: June 2nd, 2017

Is the meeting urgent and if so why?: A knowledge of the expectations and requirements of the Scientific Integrity Policy is critical to Administrator Pruitt's leadership of EPA.

Requested Time Length: 30 minutes

EPA Staff (Required): Ryan Jackson, Samantha Dravis, J.P. Freire, Mike Flynn, Bob Kavlock, Francesca Grifo, Tom Sinks

EPA Staff (Optional):

External Participants: none

Teleconference Required?: no

NOTE: Meeting request forms should be submitted to scheduling@epa.gov, with a copy to Sydney Hupp (hupp.sydney@epa.gov) and the AO Special Assistant who covers your office. All briefing material must be sent to your AO Special Assistant by 3:00 pm two days before your meeting, or to OCIR 48 hours in advance. If briefing materials are not submitted on time, we may need to reschedule your briefing.

Video Conference Required?: no

Point of Contact for the Meeting: Emily Brantner Brantner.emilyk@epa.gov (202) 564-8492

NOTE: Meeting request forms should be submitted to scheduling@epa.gov, with a copy to Sydney Hupp (hupp.sydney@epa.gov) and the AO Special Assistant who covers your office. On May 12, 2017, at 7:18 PM, Blackburn, Elizabeth <Blackburn.Elizabeth@epa.gov> wrote:

Dear Scientific Integrity Team,

There has been some interest in your upcoming external stakeholder meeting from OP and OPA. It has been suggested that we solicit input for stakeholders to invite to the meeting. I've added that to the attached revised briefing request. I also added Ryan Jackson (Chief of Staff), Samantha Dravis (OP AA), J.P. Freire (OPA AA), and Mike Flynn (acting DA) to the required attendees in addition to Bob, Francesca, and Tom. We don't need to include the Administrator because this is all about the Administrator.

I note that Emily is out until May 22. Can Marti or someone else be the POC for this?

I'd really like to send this over Monday so please let me know if this is acceptable.

Thank you.

Hi Emily and all,

Thank you for sharing this. I'm wondering if he might be more interested in having a briefing if you had a specific question or ask of him. I know you're having your external stakeholder meeting. Maybe you can ask him for potential stakeholders? Other ideas? I'm just trying to get to yes and I think we might need more of hook.

Let me know what you think.

Subject: EPA Scientific Integrity Annual Stakeholder Meeting

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Dear Dr. Grifo –

I've been reading with interest recent press reports about your upcoming meeting to update the public about EPA's Science Integrity program. Ex. 6 You would have no reason to know that I also was one of the participants in the webinar of your presentation to the American Chemistry Council's Long Range Research Initiative in May 2015. I relate these examples of my ongoing interest in the Agency's Science Integrity program in hopes that you will invite me to attend what the press reports suggest is an invitation-only event.

Thank you for your attention and consideration,

Kind regards,

Anne LeHuray

Dear Congressman Smith:

Thank you for your letter of May 22, 2017 concerning the upcoming EPA Scientific Integrity Stakeholder Meeting scheduled for June 14, 2017.

We agree that invitees to the EPA Scientific Integrity Stakeholder meeting should include a balanced representation of those with an interest in scientific integrity at the Environmental Protection Agency. The May 5, 2016 meeting included attendees representing the American Chemistry Council, Environmental Defense Fund, Society for Environmental Journalists, Union of Concerned Scientists, CropLife America, Olin Corporation, Open Government Partnership, Exxon Mobil, Monsanto Corporation, and FMC corporation. We are once again extending invitations to these groups and to other stakeholders representing the regulated community and state environmental and public health organizations.

Again, thank you for your letter. As requested, we will provide you with an update of the meeting after it occurs. If you have any further questions, please contact me or your staff may contact NAME, in EPA's Office of Congressional and Intergovernmental Relations at email or phone number.

Sincerely,

Robert J. Kavlock, Ph.D.

Ex. 6 I've gone ahead and drafted this response to the Smith and Biggs letter. Please let me know if you have any suggested modifications. Afterwards I'd like to discuss how we get contact information for the additional invitations we'd like to send.

Besides those who attended last year, I'd like to extend invitations to APHL, ASTHO, and ECOS. Liz has provide a longer list of regulated community groups ORD has dealt with in the past.

DATE

The Honorable Lamar Smith

United States House of Representatives

Washington, D.C. ZIP

Dear Congressman Smith:

Thank you for your letter of May 22, 2017 concerning the upcoming EPA Scientific Integrity Stakeholder Meeting scheduled for June 14, 2017.

We agree that invitees to the EPA Scientific Integrity Stakeholder meeting should include a balanced representation of those with an interest in scientific integrity at the Environmental Protection Agency. The May 5, 2016 meeting included attendees representing the American Chemistry Council, Environmental Defense Fund, Society for Environmental Journalists, Union of Concerned Scientists, CropLife America, Olin Corporation, Open Government Partnership, Exxon Mobil, Monsanto Corporation, and FMC corporation. We are once again extending invitations to these groups and to other stakeholders representing the regulated community and state environmental and public health organizations.

Again, thank you for your letter. As requested, we will provide you with an update of the meeting after it occurs. If you have any further questions, please contact me or your staff may contact NAME, in EPA's Office of Congressional and Intergovernmental Relations at email or phone number.

Sincerely,

Robert J. Kavlock, Ph.D.

Subject: Questions for FTG

Employee Conversation with the ScIO:

1. Do we want audio through adobe connect and through the telephone conference line (communication may be clearer through phone lines).

2. We're increasing the number of phone lines from a max of 150 to up to 5000. Is 5020 big enough?

3. Options for the phone line: recorded? Transcribed? Question and Answer (operator controls questions)? Assuming we don't want these.

4. Do we want Encore recording for anyone who misses the meeting?

Stakeholder Meeting:

1. How to respond to those who request invites (e.g. Anne LeHuray)?

2. When do we invite the list that Tom put together?

3. Where to have the meeting? We may get more people.

4. Postponing and opening it to the public?

IRIS formatted v7_03-23-17_perry edits.docx

Hi all,

I'm including an IRIS old draft briefing document that you should use for the sci integrity one-page briefing doc you're pulling together. This is their preferred format so it is important to please use this when preparing your materials.

Also, while the final materials are due to Susan at 2:30pm tomorrow so she can include them in Ryan's book, we need Bob/Bruce/Chris to review them here before we send them over to the third floor. **So, we need to request materials from you by COB today.**

-

Just so we're all on the same page, these materials should include:

1) The one-pager (using the attached format) that includes information on the stakeholder outreach meetings

2) The list of suggested/additional stakeholders to share with Ryan

Per Liz's initial email, Ryan may not have a lot of time so it would be useful to outline the key points you know you will want to cover.

I am stepping out now to head to an appointment but will have my phone with me and am taking my computer home. If you have questions between now and 4pm or so, please reach out to Liz.

Thanks!

Hi, Carol Ann,

Francesca asked me to respond to you. Ex. 6 [redacted]

Regarding your question about whether we are scheduling a second stakeholder meeting: that is not our plan. Although, Francesca has a meeting scheduled for Tuesday, May 30, with Ryan Jackson (Chief of Staff) and, if that is what the OA wants, that plan may come out of that meeting.

To give you some background, the reason that we moved away from having two separate meetings is that, a few years ago, regulated industry complained that we held separate meetings, saying that they were concerned that we were giving two different messages to the NGOs and industry. That was not the case. By the way, their concern was conveyed by Nancy Beck to Francesca. So, after that, we started holding one, combined stakeholder meeting.

I hope that this helps clarify.

Francesca and Martha – I know there was a misunderstanding about the invitation list to the

Stakeholder Meeting on June 14. And I believe you are reaching out to more stakeholders.

Are we scheduling a second meeting with a new group of stakeholders? The Administrator's Office understands that we've done that in the past (one meeting for NGOs and one for others). They also understand why that makes sense.

If we are scheduling a second meeting, when will you be able to announce it? (Sooner the better….)

Thanks in advance. Feel free to give me a call to discuss.

Scientific Integrity Annual Stakeholder Meeting

Office of the Science Advisor (OSA), Office of Research and Development (ORD)

SUMMARY

The annual stakeholder meetings are an opportunity for stakeholders to air any concerns and ask questions about Scientific Integrity.

What is the History of the EPA Scientific Integrity Stakeholder Meetings?

- The first one was held in 2013. Regulated industry was not explicitly invited. It was comprised of four separate listening sessions:
  - External non-federal stakeholders
  - Federal Stakeholders
  - EPA union representatives
  - EPA Senior Managers
- The 2014 stakeholder meeting was split into two listening sessions – one for NGOs and one for Regulated Industry.
  - The meeting for regulated industry was organized, publicized and hosted by the American Chemistry Council (ACC).
  - The meeting for NGOs was organized, publicized and hosted by the Union of Concerned Scientists and included the groups who attended their Scientific Integrity Working Group Meetings.
- The 2015 Meetings were organized exactly as the 2014 meetings.
- At the request of the ACC, in 2016, the meetings were combined into one meeting and held at EPA. The Union of Concerned Scientists provided the names of NGOs and the American Chemistry Council invited regulated industry.
- Our plans for the 2017 meeting were to use our lists of attendees and invitees from previous years and ask the ACC to help us to again identify representatives of regulated industry.
- We do not require a sign-in, therefore we do not have a list of regulated industry invitees and attendees for previous years, as we do for NGOs. ACC did not share email addresses or contact information with us. However, we do have lists of regulated industry participants that we obtained from ACC, and we can make these available as needed.
- We are in the process of reaching out to ACC to once again help us to identify attendees.

CURRENT STATUS AND ISSUES

The 2017 Stakeholder Meeting

- This is not a closed meeting. Any stakeholder with an interest in scientific integrity at EPA may attend.
- The Meeting Agenda:
  - Overview of the year's Scientific Integrity challenges and accomplishments presented by the Scientific Integrity Official
  - Open Q & A

Subject: New DEADLINE: Materials: meeting invitation from OA

Hi all,

I'm including an IRIS old draft briefing document that you should use for the sci integrity one-page briefing doc you're pulling together. This is their preferred format so it is important to please use this when preparing your materials.

Also, while the final materials are due to Susan at 2:30pm tomorrow so she can include them in Ryan's book, we need Bob/Bruce/Chris to review them here before we send them over to the third floor. **So, we need to request materials from you by COB today.**

-

Just so we're all on the same page, these materials should include:

1) The one-pager (using the attached format) that includes information on the stakeholder outreach meetings

2) The list of suggested/additional stakeholders to share with Ryan

Per Liz's initial email, Ryan may not have a lot of time so it would be useful to outline the key points you know you will want to cover.

I am stepping out now to head to an appointment but will have my phone with me and am taking my computer home. If you have questions between now and 4pm or so, please reach out to Liz.

Thanks!

Dale

Subject: Materials: meeting invitation from OA
Importance: High

Hi all,

Susan Burden has requested that materials for the briefing with Ryan Jackson be submitted to her tomorrow by 2:30pm. I see that you've already been discussing with Liz so I'm sure you're already working on materials but please also include a list of suggested stakeholders for additional outreach that can be presented to them at the meeting.

Happy to discuss,

Thanks,

Dale

Scientific Integrity Annual Stakeholder Meeting

Office of the Science Advisor (OSA), Office of Research and Development (ORD)

SUMMARY

The annual stakeholder meetings are an opportunity for stakeholders to air any concerns and ask questions about Scientific Integrity.

What is the History of the EPA Scientific Integrity Stakeholder Meetings?

- The first one was held in 2013. Regulated industry was not explicitly invited. It was comprised of four separate listening sessions:
  - External non-federal stakeholders
  - Federal Stakeholders
  - EPA union representatives
  - EPA Senior Managers
- The 2014 stakeholder meeting was split into two listening sessions – one for NGOs and one for Regulated Industry.
  - The meeting for regulated industry was organized, publicized and hosted by the American Chemistry Council (ACC).
  - The meeting for NGOs was organized, publicized and hosted by the Union of Concerned Scientists and included the groups who attended their Scientific Integrity Working Group Meetings.
- The 2015 Meetings were organized exactly as the 2014 meetings.
- At the request of the ACC, in 2016, the meetings were combined into one meeting and held at EPA. The Union of Concerned Scientists provided the names of NGOs and the American Chemistry Council invited regulated industry.
- Our plans for the 2017 meeting were to use our lists of attendees and invitees from previous years and ask the ACC to help us to again identify representatives of regulated industry.
- We do not require a sign-in, therefore we do not have a list of regulated industry invitees and attendees for previous years, as we do for NGOs. ACC did not share email addresses or contact information with us. However, we do have lists of regulated industry participants that we obtained from ACC, and we can make these available as needed.
- We are in the process of reaching out to ACC to once again help us to identify attendees.

CURRENT STATUS AND ISSUES

The 2017 Stakeholder Meeting

- This is not a closed meeting. Any stakeholder with an interest in scientific integrity at EPA may attend.
- The Meeting Agenda:
  - Overview of the year's Scientific Integrity challenges and accomplishments presented by the Scientific Integrity Official
  - Open Q & A

OA_Stakeholders_List.xlsx

Hi Tom,

Please find the attached industry stakeholder list for the OA briefing. We are still looking for a list of industry participants from 2014, but the attached document contains industry representatives from the 2015 and 2016 meetings, as well as a separate table of trade groups and state organizations that we may add this year (pending Francesca's approval).

Thanks!

Emily

NGO Stakeholder List for OA Briefing.xlsx
OA_Stakeholders_List.xlsx

Hi, Francesca,

I suppose that you saw Tom's email forwarding all of the materials to Dale, et al.

Attached is the NGO list. I also attached the industry list.

Hey, the industry list is longer than the NGO list! ☺

Hi Rick,

The Scientific Integrity Program would like to send out direct email invitations to the industry stakeholders. Are you able to send us the list of industry representatives that you directed our meeting invitation to? We would like the name and email of a POC for each company if that works for you.

Thank you!

Emily

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Scientific Integrity Official

US EPA Office of the Science Advisor

Subject: FW: invite

We are preparing to send additional invitations out for the SI stakeholder meeting. Please let us know when we can go ahead and do so.

•□□□□□□□□ We sent an email to our contact at ACC requesting a list (name, organization, and email) of those he has contacted for us. We will send them an invitation directly from EPA.

•□□□□□□□□ We are trying to ID POC for the organizations listed below. If you have a POC for them please provide it to us.

•□□□□□□□□ Once we have compiled the list of contacts, and we get the go ahead, we will email each contact. We will send the same information that was sent via calendar invites (see email from Marti).

•□□□□□□□□ We are exploring the possibility of reserving a larger room in case we get a large number of RSVPs.

Let us know if ORD has POCs for the following organizations …

American Water Works Association
Electric Power Research Institute
GE
American Wood Council
American Forest and Paper Association
Lyondell Basell
American Petroleum Institute
ILSI
American Gas Association
Edison Electric Institute

Thanks for your note. I do not have an official email list of contacts for all of the members of the American Chemistry Council. You'd need to directly contact the ACC Membership Dept with such a request. But I'm not sure they provide this type of contact information publicly. I think the person you'd need to speak to is Edie Fleming. Her e-mail address is (I think) Edie_Fleming@americsnchemistry.com. If you call the main ACC number at 292-249-7000 and ask for her or Member Services the receptionist will connect you.

Thanks

Rick

Hi, Emily,

Are you OK with doing this?

If she balks at giving us the list (which I expect she will)…if you can just get the total # of members, that would help. It sounds like they just sent the invite to all ACC members.

Thanks!

Marti

Hi Marti,

I think I'll have to email her. Their call service seems to be out of service. Rick gave us the wrong number, but I found the correct number online (it's 202, not 292). When I call, I get a recorded voice, but it is unable to connect me to an operator or any extensions. The line simply goes silent and never connects.

I do have a list of all of their membership companies, though:

https://www.americanchemistry.com/Membership/MemberCompanies/

I would assume that they send the invite to all members, but I'll try to find out more specifics from Edie.

Thanks!

Emily

Hi Marti,

Yes, I'll reach out to Edie and see if she'll give me the information. If she is unable to, I'll try to at least get the names of the companies. Then, if I can't even get that, I'll settle for the total # of members.

I'll cc you on the email that I send to her.

Thanks!

Emily

Hi, Emily,

Are you OK with doing this?

If she balks at giving us the list (which I expect she will)…if you can just get the total # of members, that would help. It sounds like they just sent the invite to all ACC members.

Thanks!

Marti

Thanks for your note. I do not have an official email list of contacts for all of the members of the American Chemistry Council. You'd need to directly contact the ACC Membership Dept with such a request. But I'm not sure they provide this type of contact information publicly. I think the person you'd need to speak to is Edie Fleming. Her e-mail address is (I think) Edie_Fleming@americsnchemistry.com. If you call the main ACC number at 292-249-7000 and ask for her or Member Services the receptionist will connect you.

Thanks

Rick

Hi Marti,

I just want to make sure I don't say anything that could be misconstrued. Does this look okay?

Hi Edie,

Rick Becker gave me your name as someone who may be able to help us find point of contacts for ACC member organizations. The EPA Scientific Integrity Program is hosting our Annual Stakeholder Meeting, and we have worked with ACC to send the invites to industry stakeholders in previous years. This year, we were hoping that we could get a contact name and email for each company to send our own invites. If there's any way you could help us out with that, it would be greatly appreciated.

Thank you,

Emily

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

OA Stakeholder Meeting Briefing May 26 17.docx

Bruce and Tom

The final materials for the Sci Integrity briefing are attached. I will also provide hard copies to you both.

1. One-page briefing doc on the Stakeholder Meetings
2. Agenda for employee meeting
3. Agenda for external stakeholder meeting
4. Spreadsheet of invitees from 2015/16 and new suggested invitees
5. Background briefing doc on SI in general (for your back pocket)

Susan:

I assume you will be providing Ryan with materials? Please just give him these four:

1. One-page briefing doc on the Stakeholder Meetings
2. Agenda for employee meeting
3. Agenda for external stakeholder meeting
4. Spreadsheet of invitees from 2015/16 and new suggested invitees

Thanks all,

Dale

Subject: Request for contact information for additional invitees to Sci. Integrity stakeholder meeting

Good Morning, Liz,

Tom Sinks has asked that we send invitations to the stakeholder meeting to additional companies and trade groups. Tom tells me that you provided the list below:

- American Water Works Association
- Electric Power Research Institute
- GE
- American Wood Council
- American Forest and Paper Association
- Lyondell Basell
- American Petroleum Institute
- ILSI
- CropLife America
- American Gas Association
- American Chemistry Council
- Edison Electric Institute

Do you have contact information for POCs for these companies/groups or do you know who might have that information? We would like to send the invitations out today, if possible.

Thank you for your help with this.

- Marti

Hi Marti

Danielle was looking for the contact information. I've added her to this list.

Thank you.

Good Morning, Liz,

Tom Sinks has asked that we send invitations to the stakeholder meeting to additional companies and trade groups. Tom tells me that you provided the list below:

- American Water Works Association
- Electric Power Research Institute
- GE
- American Wood Council
- American Forest and Paper Association
- Lyondell Basell

•□□□□□□□ American Petroleum Institute

•□□□□□□□ ILSI

•□□□□□□□ CropLife America

•□□□□□□□ American Gas Association

•□□□□□□□ American Chemistry Council

•□□□□□□□ Edison Electric Institute

Do you have contact information for POCs for these companies/groups or do you know who might have that information? We would like to send the invitations out today, if possible.

Thank you for your help with this.

Hi, Danielle,

Liz Blackburn tells me that you are pulling together Points of Contact and their contact information for the following list of groups:

- American Water Works Association
- Electric Power Research Institute
- GE
- American Wood Council
- American Forest and Paper Association
- Lyondell Basell
- American Petroleum Institute
- ILSI
- CropLife America
- American Gas Association
- American Chemistry Council
- Edison Electric Institute

Have you made some progress on that? We were hoping to send them a meeting invitation today, if possible.

Thank you for your help!

Hi Martha,

Below is the contact information that I have thus far:

ILSI	Michelle R. Embry	membry@ilsi.org
American Gas Association	Pam Lacey	placey@aga.org
Edison Electric Institute	Cynthia Trueheart	ctrueheart@eei.org

Lou D'Amico is assisting me with pulling together contact information for the remaining groups.

Thank you.

Sincerely,

Danielle Branch

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. I am reaching out to you because you participated in one of our previous Stakeholder meetings.

At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

http://www.epa.gov/osa/basic-information-about-scientific-integrity

From: Otto, Martha
Sent: Wed 5/31/2017 7:43:25 PM
Subject: EPA Scientific Integrity Stakeholder Meeting

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. I am reaching out to you because you participated in one of our previous Stakeholder meetings.

At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Scientific Integrity Official

US EPA Office of the Science Advisor

Otto.Martha	**Office 365**	**mwhite**
Action Required		Recipient

Unknown To address

How to Fix It

The address might be misspelled or might not exist. Try one or more of the following:

- **Retype the recipient's address, then resend the message -** If you're using Outlook, open this non-delivery report message and click Send Again from the menu or ribbon. In Outlook on the web, select this message, and then click the "To send this message again, click here." link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click Send to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.
- Remove the recipient from the recipient Auto-Complete List, then resend the message - If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of this article. Then resend the message. Be sure to delete and retype the recipient's entire address before clicking Send.
- Contact the recipient by some other means, (by phone, for example) to confirm you're using the right address. Ask them if they've set up an email forwarding rule that could be forwarding your message to an incorrect address.

If the problem continues, ask the recipient to tell their email admin about the problem, and give them the error (and the name of the

server that reported it) shown below. It's likely that only the recipient's email admin can fix this problem.

Was this helpful? *Send feedback to Microsoft.*

More Info for Email Admins

Status code: 550 5.4.1

This error occurred because a message was sent to an email address hosted by Office 365, but the address doesn't exist in the receiving organization's Office 365 directory. Directory Based Edge Blocking (DBEB) is enabled for cpda.com, and DBEB rejects messages addressed to recipients who don't exist in the receiving organization's Office 365 directory. This error is reported by the recipient domain's email server, but most often it can be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

Check that the email address exists and is correct - Confirm that the recipient address exists in your Office 365 directory, is correct, and is accepting messages.

Synchronize your directories - Make sure directory synchronization is working correctly, and that the recipient's email address exists in both Office 365 and in your on-premises directory.

Check for errant forwarding rules - Check for forwarding rules for the original recipient that might be trying to forward the message to an invalid address. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Forwarding or Inbox Rules features.

Make sure the recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license to them (Users > Active Users > Select the recipient > Assigned License > Edit).

Make sure that mail flow settings and MX records are correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are set up correctly.

For more information and additional tips to fix this issue, see this article.

Your message to mwhite@cpda.com couldn't be delivered.

mwhite wasn't found at cpda.com.

Otto.Martha **Office 365**
Action Required Recipient

Unknown To address

How to Fix It

The address might be misspelled or might not exist. Try one or more of the following:

•□□□□□□□ **Retype the recipient's address, then resend the message -** If you're using Outlook, open this non-delivery report message and click **Send Again** from the menu or ribbon. In Outlook on the web, select this message, and then click the "**To send this message again, click here.**" link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click **Send** to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.

•□□□□□□□ **Remove the recipient from the recipient Auto-Complete List, then resend the message -** If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List"

section of this article. Then resend the message. Be sure to delete and retype the recipient's entire address before clicking **Send**.

•□□□□□□□ **Contact the recipient by some other means,** (by phone, for example) to confirm you're using the right address. Ask them if they've set up an email forwarding rule that could be forwarding your message to an incorrect address.
If the problem continues, ask the recipient to tell their email admin about the problem, and give them the error (and the name of the server that reported it) shown below. It's likely that only the recipient's email admin can fix this problem.
Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.4.1

This error occurred because a message was sent to an email address hosted by Office 365, but the address doesn't exist in the receiving organization's Office 365 directory. Directory Based Edge Blocking (DBEB) is enabled for cpda.com, and DBEB rejects messages addressed to recipients who don't exist in the receiving organization's Office 365 directory. This error is reported by the recipient domain's email server, but most often it can be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

Check that the email address exists and is correct - Confirm that the recipient address exists in your Office 365 directory, is correct, and is accepting messages.

Synchronize your directories - Make sure directory synchronization is working correctly, and that the recipient's email address exists in both Office 365 and in your on-premises directory.

Check for errant forwarding rules - Check for forwarding rules for the original recipient that might be trying to forward the message to an invalid address. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Forwarding or Inbox Rules features.

Make sure the recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license to them (Users > Active Users > Select the recipient > Assigned License > Edit).

Make sure that mail flow settings and MX records are correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are set up correctly.

For more information and additional tips to fix this issue, see this article.

Master Stakeholder List.xlsx

This is an updated list of invitees to the EPA stakeholder meeting [June 14th]. The invitations are sorted by date of invite. Some stakeholders will receive multiple invitations because we understood that ACC shared our invite with many of the same stakeholders. We are trying to find contact information for some of the partners listed on the spreadsheet.

Subject: Regarding the invitations to EPA's Scientific Integrity Annual Stakeholder Meeting

Good Afternoon, Rick,

I work with Francesca Grifo in EPA's Scientific Integrity program. I know that you have graciously helped us with extending invitations to ACC's member companies to participate in EPA's Scientific Integrity Annual Stakeholder Meetings. We appreciate your help with that.

Have you sent the invitation for this year's Stakeholder meeting yet? This year, we would like to have an idea of which of our industry stakeholders have responded to the invitation. If you have not yet sent the invitation for this year's meeting, could you please ask the invitees to RSVP to our Scientific Integrity mailbox (**scientific_integrity@epa.gov**)?

If you have already sent the invitation, would you mind sharing with us the names of the companies who plan to participate?

Also, I copied you on an invitation that we sent this afternoon to participants in our 2015 and 2016 Stakeholder meetings.

Thank you, again, for your help in reaching out to stakeholders.

Regards,

Martha Otto

Hi Martha – I sent the notification out some time ago to ACC staff and its been included in our weekly members newsletter for the last few weeks as well: May 12, May 19 & May 26 issues. This weekly newsletter goes out to more than 300 individuals (both ACC staff and members of ACC companies). I don't have a list of all the companies this goes out to, sorry.

The next newsletter issue goes out tomorrow, so I will modify the headline to read: "UPDATE: EPA's Annual Scientific Integrity Stakeholder Meeting Scheduled for June 14th" and include the additional info "Important: if you plan to attend, please RSVP to EPA's Scientific Integrity mailbox (scientific_integrity@epa.gov)."

Thanks

Rick

Subject: RE: Regarding the invitations to EPA's Scientific Integrity Annual Stakeholder Meeting

Hi Martha – I sent the notification out some time ago to ACC staff and its been included in our weekly members newsletter for the last few weeks as well: May 12, May 19 & May 26 issues. This weekly newsletter goes out to more than 300 individuals (both ACC staff and members of ACC companies). I don't have a list of all the companies this goes out to, sorry.

The next newsletter issue goes out tomorrow, so I will modify the headline to read: "UPDATE: EPA's Annual Scientific Integrity Stakeholder Meeting Scheduled for June 14th" and include the additional info "Important: if you plan to attend, please RSVP to EPA's Scientific Integrity mailbox (scientific_integrity@epa.gov)."

Thanks

Rick

Subject: Regarding the invitations to EPA's Scientific Integrity Annual Stakeholder Meeting

Good Afternoon, Rick,

I work with Francesca Grifo in EPA's Scientific Integrity program. I know that you have graciously helped us with extending invitations to ACC's member companies to participate in EPA's Scientific Integrity Annual Stakeholder Meetings. We appreciate your help with that.

Have you sent the invitation for this year's Stakeholder meeting yet? This year, we would like to have an idea of which of our industry stakeholders have responded to the invitation. If you have not yet sent the invitation for this year's meeting, could you please ask the invitees to RSVP to our Scientific Integrity mailbox (**scientific_integrity@epa.gov**)?

If you have already sent the invitation, would you mind sharing with us the names of the companies who plan to participate?

Also, I copied you on an invitation that we sent this afternoon to participants in our 2015 and 2016 Stakeholder meetings.

Thank you, again, for your help in reaching out to stakeholders.

Regards,

Martha Otto

Hi Martha,

I'll have updated contact information for you tomorrow morning (minus croplife). As a caveat, the names that will be provided are points of contact that have attended meetings on specific IRIS assessments. They may not necessarily be the right POC for a broader discussion on scientific integrity. Thanks.

Hi Martha,

Below is the contact information that I have thus far:

ILSI	Michelle R. Embry	membry@ilsi.org
American Gas Association	Pam Lacey	placey@aga.org
Edison Electric Institute	Cynthia Trueheart	ctrueheart@eei.org

Lou D'Amico is assisting me with pulling together contact information for the remaining groups.

Thank you.

Hi, Danielle,

Liz Blackburn tells me that you are pulling together Points of Contact and their contact information for the following list of groups:

- American Water Works Association
- Electric Power Research Institute
- GE
- American Wood Council
- American Forest and Paper Association
- Lyondell Basell
- American Petroleum Institute
- ILSI
- CropLife America
- American Gas Association
- American Chemistry Council
- Edison Electric Institute

Have you made some progress on that? We were hoping to send them a meeting invitation today, if possible.

Thank you for your help!

Hi all,

Here are some contact names for organizations that have been involved or commented on IRIS Program activities:

First Name	Last Name	Email	Organization
Richard	Becker	rick_becker@americanchemistry.com	American Chemistry Council
Laura	Brust	laura_brust@americanchemistry.com	American Chemistry Council
Eileen	Conneely	eileen.conneely@americanchemistry.com	American Chemistry Council
David	Fisher	david_fischer@americanchemistry.com	American Chemistry Council
Bill	Gulledge	bill_gulledge@americanchemistry.com	American Chemistry Council
Scott	Jensen	scott_jensen@americanchemistry.com	American Chemistry Council
Angela	Lynch	angela_lynch@americanchemistry.com	American Chemistry Council
Ann	Mason	ann_mason@americanchemistry.com	American Chemistry Council
Jackson	Morrill	jackson_morrill@americanchemistry.com	American Chemistry Council
Steve	Risotto	srisotto@americanchemistry.com	American Chemistry Council
Jay	West	Jay_West@americanchemistry.com	American Chemistry Council
Kimberly	White	kimberly_white@americanchemistry.com	American Chemistry Council
Alan	Roberson	aroberson@awwa.org	American Water Works Association
Samantha	Rucinski	srucinski@awwa.org	American Water Works Association
Leonard	Levin	llevin@epri.com	Electric Power Research Institute
Annette	Rohr	arohr@epri.com	Electric Power Research Institute
Patrick	Beatty	beattyp@api.org	American Petroleum Institute
Uni	Blake	blakeu@API.org	American Petroleum Institute
Russell	White	whiter@api.org	American Petroleum Institute
Erik	Carlson	carlson@ge.com	General Electric Company
Patricia Kablach	Casano	pat.casano@ge.com	General Electric Company
Stewart	Holm	stewart_holm@afandpa.org	American Forest & Paper Association
Marcy	Banton	marcy.banton@LYB.com	LyondellBasell

I don't have an email for the American Wood Council, but the contact name we have is Robert Glowinski, President.

Again, whether these would be appropriate contacts for a broader discussion on scientific integrity is unclear.

Hope this helps,

Lou

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Scientific Integrity Official

US EPA Office of the Science Advisor

The recipients weren't found at awwa.org, or the mailboxes were unavailable.

Otto.Martha	**Office 365**	**Multiple recipients**
Action Required		Recipients

Unknown To address

Couldn't deliver the message to the following recipients:
aroberson@awwa.org, srucinski@awwa.org

How to Fix It

The email address might be misspelled or it might not exist. Try one or more of the following:

- **Retype the recipient's address, then resend the message -** If you're using Outlook, open this non-delivery report message and click Send Again from the menu or ribbon. In Outlook on the web, select this message, and then click the "To send this message again, click here." link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click Send to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before resending it.
- Remove the recipient from the recipient Auto-Complete List, then resend the message - If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of this article. Then resend the message. Be sure to delete and retype the recipient's entire address before clicking Send.
- Contact the recipient by some other means, (by phone, for example) to confirm you're using the right address. Ask them if they've set up an email forwarding rule that could be forwarding your message to an incorrect address.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? *Send feedback to Microsoft.*

More Info for Email Admins

Status code: 550 5.1.351

When Office 365 tried to send the message, the external email server returned an error stating that the recipient is unknown or the mailbox is unavailable. This error was reported by an email server outside Office 365.

If you or the sender can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. To determine who the responsible party might be, check the error for information about where the problem is happening. For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

Although the sender might be able to fix the issue by correcting the recipient address, it's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

Your message to carlson@ge.com couldn't be delivered.

carlson wasn't found at ge.com.

Otto.Martha	**Office 365**	**carlson**
Action Required		Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- **Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "To send this message again, click here." Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click Send.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.1 in Office 365, and then send the message again. Retype the entire recipient address before selecting Send.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the More Info for Email Admins section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 550 5.1.1 in Office 365.

The recipients weren't found at awwa.org, or the mailboxes were unavailable.

Otto.Martha	**Office 365**	**Multiple**
Action Required		Recipients

Unknown To address

Couldn't deliver the message to the following recipients:
aroberson@awwa.org, srucinski@awwa.org

How to Fix It

The email address might be misspelled or it might not exist. Try one or more of the following:

- **Retype the recipient's address, then resend the message -** If you're using Outlook, open this non-delivery report message and click **Send Again** from the menu or ribbon. In Outlook on the web, select this message, and then click the "**To send this message again, click here.**" link located just above the message preview window. In the To or Cc line, delete and then retype the entire recipient's address (ignore any address suggestions). After typing the complete address, click **Send** to resend the message. If you're using an email program other than Outlook or Outlook on the web, follow its standard way for resending a message. Just be sure to delete and retype the recipient's entire address before

resending it.

•□□□□□□□ **Remove the recipient from the recipient Auto-Complete List, then resend the message -** If you're using Outlook or Outlook on the web, follow the steps in the "Remove the recipient from the recipient Auto-Complete List" section of this article. Then resend the message. Be sure to delete and retype the recipient's entire address before clicking **Send**.

•□□□□□□□ **Contact the recipient by some other means,** (by phone, for example) to confirm you're using the right address. Ask them if they've set up an email forwarding rule that could be forwarding your message to an incorrect address.
If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

More Info for Email Admins

Status code: 550 5.1.351

When Office 365 tried to send the message, the external email server returned an error stating that the recipient is unknown or the mailbox is unavailable. This error was reported by an email server outside Office 365.

If you or the sender can't fix the problem, contact the responsible party's email admin - Give them the error code and error message from this non-delivery report (NDR) to help them troubleshoot the issue. To determine who the responsible party might be, check the error for information about where the problem is happening. For example, look for a domain name like contoso.com. A domain name in the error might suggest who is responsible for the error. It could be the recipient's email server, or it could be a third-party service that your organization or the recipient's organization is using to process or filter email messages.

Although the sender might be able to fix the issue by correcting the recipient address, it's likely that only the recipient's email admin can fix the problem. Unfortunately, it's unlikely Office 365 Support will be able to help with these kinds of externally reported errors.

Your message to carlson@ge.com couldn't be delivered.

carlson wasn't found at ge.com.

Otto.Martha **Office 365**
Action Required Recipient

Unknown To address

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

•□□□□□□□ Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.

•□□□□□□□ Contact the recipient (by phone, for example) to check that the address exists and is correct.

•□□□□□□□ The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.

•□□□□□□□ Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix

email delivery issues for error code 5.1.1 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.
If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.
Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.1

This error occurs because the sender sent a message to an email address outside of Office 365, but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 550 5.1.1 in Office 365.

I've retired. For HPV or 211b issues, contact Robin Tillery at tilleryr@api.org. For research issues (benzene, toxicology) contact Patrick Beatty at beattyp@api.org. For advocacy issues (TSCA, GHS), contact Derek Swick at swickd@api.org.

Master Stakeholder List.xlsx

Hi Tom,

Please find the attached Stakeholder list, updated with the email invitations sent this afternoon. Both of our contacts from American Water Works Association bounced back, but I think you said that Ed Ohanian might have a POC there? I will reach out to him and see who I can find.

Thank you!

Emily

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Dear Mr. Konkus,

We received your request to invite the individuals on the attached lists to the annual scientific integrity stakeholder meeting scheduled for June 14. Our general practice is to invite organizations, through identified representatives, to the meeting, rather than individuals. For that reason, we recommend inviting one or more representatives from the Heartland Institute and/or other recommended organizations, rather than all the individuals from these lists. We believe this is consistent with current practice and will create less of a potential story.

As a note, since our recent conversation with the Chief of Staff we have received 8 positive responses from the regulated community to participate in the meeting.

Please let us know what you prefer us to do and we'll get any additional invitations that you recommend out today.

Thank you.

Subject: RE: Scientific Integrity Public Meeting -- Action Items

Hi Bruce,

Thanks for the follow up email. This is consistent with what I heard yesterday. The only thing I would add is that Ryan asked whether press have been invited in the past and Tom was going to check (i.e., what is the business as usual for press?).

Also (not discussed yesterday), OPA may provide a list of additional groups to invite. I will follow up with OPA and let you know if they recommend adding anyone to the invite list.

Thanks,

Susan

Subject: Scientific Integrity Public Meeting -- Action Items

Mike, Susan, Tom,

Summarizing the action items from today's discussion with CoS Ryan Jackson regarding the June 14 Scientific Integrity Public Meeting. Please edit if I missed something.

•□□□□□□□□ The Administrator is looking toward a balanced meeting reflecting the interests of NGOs, industry, and states.

•□□□□□□□□ OSA should:

- Send invitations directly to industry attendees from the previous public meetings, ASAP.

- Add representatives from state associations (We suggested ASTHO and ECOS--other suggestions welcome).

- Contact ACC to ascertain if they have already sent out/forwarded invitations, to whom, and the responses.

•□□□□□□□□ OSA should maintain a list of those replying affirmatively regarding their attendance.

•□□□□□□□□ ORD/OSA should keep Ryan Jackson, via Susan Burden, informed on how the RSVPs are progressing, in order to confirm balanced attendance at the meeting.

•□□□□□□□□ ORD/OSA should update Ryan Jackson no later than one week prior to the June 14 public meeting to confirm attendance balance. He is leaving open the option to postpone the meeting in order to achieve this balance.

•□□□□□□□□ We tentatively agreed to maintaining business as usual vis-à-vis press and meeting format.

•□□□□□□□□ CoS Jackson would like a short history explaining the rationale and progression of this Sci Integrity public meeting, and how the invitation glitch occurred (i.e., that ACC had previously coordinated the industry invitations, and hence were the only industry group on the initial Outlook Invite).

•□□□□□□□□ [We might consider the option for a meeting facilitator, due to the elevated level of press interest. This was not discussed with CoS Jackson, although we did note to the CoS that previous meetings have run smoothly.]

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Dear Ms. Grifo,

My apologies but the water sector will be gathered in Philadelphia at AWWA's annual conference on June 14. Consequently, AWWA staff will not be able to participate in the upcoming stakeholder meeting. If you would be kind enough to forward the information you intend to relay at the stakeholder meeting we would be happy to develop written feedback for your office.

Thank you for your time and attention.

Best regards,

Steve

John

I can answer the second question. Tomorrow is the internal EPA listening session on scientific integrity, from 3:30 to 4:30.

For the first question, when we invite an organization, we generally do not limit to one individual – but Tom Sinks should confirm for this particular exercise.

Dear Mr. Konkus,

We received your request to invite the individuals on the attached lists to the annual scientific integrity stakeholder meeting scheduled for June 14. Our general practice is to invite organizations, through identified representatives, to the meeting, rather than individuals. For that reason, we recommend inviting one or more representatives from the Heartland Institute and/or other recommended organizations, rather than all the individuals from these lists. We believe this is consistent with current practice and will create less of a potential story.

As a note, since our recent conversation with the Chief of Staff we have received 8 positive responses from the regulated community to participate in the meeting.

Please let us know what you prefer us to do and we'll get any additional invitations that you recommend out today.

Thank you.

Hi Bruce,

Thanks for the follow up email. This is consistent with what I heard yesterday. The only thing I would add is that Ryan asked whether press have been invited in the past and Tom was going to check (i.e., what is the business as usual for press?).

Also (not discussed yesterday), OPA may provide a list of additional groups to invite. I will follow up with OPA and let you know if they recommend adding anyone to the invite list.

Thanks,

Susan

Subject: Scientific Integrity Public Meeting -- Action Items

Mike, Susan, Tom,

Summarizing the action items from today's discussion with CoS Ryan Jackson regarding the June 14 Scientific Integrity Public Meeting. Please edit if I missed something.

•□□□□□□□□ The Administrator is looking toward a balanced meeting reflecting the interests of NGOs, industry, and states.

•□□□□□□□□ OSA should:

- Send invitations directly to industry attendees from the previous public meetings, ASAP.

- Add representatives from state associations (We suggested ASTHO and ECOS--other suggestions welcome).

- Contact ACC to ascertain if they have already sent out/forwarded invitations, to whom, and the responses.

•□□□□□□□□ OSA should maintain a list of those replying affirmatively regarding their attendance.

•□□□□□□□□ ORD/OSA should keep Ryan Jackson, via Susan Burden, informed on how the RSVPs are progressing, in order to confirm balanced attendance at the meeting.

•□□□□□□□□ ORD/OSA should update Ryan Jackson no later than one week prior to the June 14 public meeting to confirm attendance balance. He is leaving open the option to postpone the meeting in order to achieve this balance.

•□□□□□□□□ We tentatively agreed to maintaining business as usual vis-à-vis press and meeting format.

•□□□□□□□□ CoS Jackson would like a short history explaining the rationale and progression of this Sci Integrity public meeting, and how the invitation glitch occurred (i.e., that ACC had previously coordinated the industry invitations, and hence were the only industry group on the initial Outlook Invite).

•□□□□□□□□ [We might consider the option for a meeting facilitator, due to the elevated level of press interest. This was not discussed with CoS Jackson, although we did note to the CoS that previous meetings have run smoothly.]

Subject: Status of RSVPs for SI External Stakeholder meeting.

•□□□□□□□□ [redacted] Ex. 6 [redacted]. We have postponed the EPA internal conversation with the Scientific Integrity Official

•□□□□□□□□ Invitations

o 54 invitations were sent out on May 8th. As planned, ACC forwarded our invitation to their staff and included it in their weekly membership newsletter.

o 52 invitations have been sent out since May 31st. We will be extending invitations to 5 additional groups later today.

•□□□□□□□□ RSVPs – we've received 19 accepted and 3 tentative RSVPs. Seven accepted RSVPS are from organizations representing the regulated community.

•□□□□□□□□ Details on the invitations are provided below. A dark green highlight indicates that we have an RSVP to attend, and a light green highlight indicates that we have received a "tentative" response. Please note that the meeting room is limited in size as we don't expect more than 20 organizational representatives to attend in person.

On June 5th we invited the following organizations via one or more identified POCs. The American Water Works Association responded that they have a company-wide meeting on that day, but would like the information forwarded to them after the meeting.

American Water Works Association
American Wood Council
The Heartland Institute

On June 1st we invited the following organizations via one or more identified POCs:

American Forest and Paper Association
American Gas Association
American Petroleum Institute
Association of Public Health Laboratories
Association of State and Territorial
Health Officials
Edison Electric Institute
Electric Power Research Institute
Environmental Council of the States
GE
ILSI
Lyondell Basell

On May 31st we invited the following organizations via one or more identified POCs.

ACMA
Afton Chemical Corporation
American Beverage Association
American Chemistry Council
Conrad Law and Policy Counsell
Council Producers and Distributors of Ag
CropLife America
Dow Corning
Dupont
ExxonMobil
FMC Corporation
Hexion
ICF
Monsanto
Naphthalene Council, Inc.
Proctor and Gamble
Public Member ACC SST
Regnet Environmental Services
Shell Oil Company
Summit Tox
The Dow Chemical Company

The Johns Hopkins University

On May 8th we invited the following organizations via one or more identified POCs.

American Chemistry Council
American Association for the Advancement of Science
American Chemical Society
American Federation of Labor and Congress of Industrial Organizations
American Geophysical Union
American Lung Association
Center for American Progress
Center for Progressive Reform
Demos
Earthjustice
Endocrine Society
Environmental Defense Fund
Environmental Integrity Project
Federation of American Societies for Experimental Biology
George Washington University
Global Biodiversity Center (Colorado State University)
Global Women's Institute (George Washington University)
Health Effects Institute
Investigative Reporters and Editors
National Center for Health Research
Natural Resources Defense Council
Open the Government
Project on Government Oversight
Public Citizen
Public Employees for Environmental Responsibility
Reporters Committee for Freedom of the Press
Resources for the Future
Society for Conservation Biology
Society of Environmental Journalists

Society of Professional Journalists
Union of Concerned Scientists
Wisconsin Public Radio
World Resources Institute

John

I can answer the second question. Tomorrow is the internal EPA listening session on scientific integrity, from 3:30 to 4:30.

For the first question, when we invite an organization, we generally do not limit to one individual – but Tom Sinks should confirm for this particular exercise.

Dear Mr. Konkus,

We received your request to invite the individuals on the attached lists to the annual scientific integrity stakeholder meeting scheduled for June 14. Our general practice is to invite organizations, through identified representatives, to the meeting, rather than individuals. For that reason, we recommend inviting one or more representatives from the Heartland Institute and/or other recommended organizations, rather than all the individuals from these lists. We believe this is consistent with current practice and will create less of a potential story.

As a note, since our recent conversation with the Chief of Staff we have received 8 positive responses from the regulated community to participate in the meeting.

Please let us know what you prefer us to do and we'll get any additional invitations that you recommend out today.

Thank you.

Subject: RE: Scientific Integrity Public Meeting -- Action Items

Hi Bruce,

Thanks for the follow up email. This is consistent with what I heard yesterday. The only thing I would add is that Ryan asked whether press have been invited in the past and Tom was going to check (i.e., what is the business as usual for press?).

Also (not discussed yesterday), OPA may provide a list of additional groups to invite. I will follow up with OPA and let you know if they recommend adding anyone to the invite list.

Thanks,

Susan

Subject: Scientific Integrity Public Meeting -- Action Items

Mike, Susan, Tom,

Summarizing the action items from today's discussion with CoS Ryan Jackson regarding the June 14 Scientific Integrity Public Meeting. Please edit if I missed something.

•□□□□□□□ The Administrator is looking toward a balanced meeting reflecting the interests of NGOs, industry, and states.

•□□□□□□□ OSA should:

- Send invitations directly to industry attendees from the previous public meetings, ASAP.

- Add representatives from state associations (We suggested ASTHO and ECOS--other suggestions welcome).

- Contact ACC to ascertain if they have already sent out/forwarded invitations, to whom, and the responses.

•□□□□□□□ OSA should maintain a list of those replying affirmatively regarding their attendance.

•□□□□□□□ ORD/OSA should keep Ryan Jackson, via Susan Burden, informed on how the RSVPs are progressing, in order to confirm balanced attendance at the meeting.

•□□□□□□□ ORD/OSA should update Ryan Jackson no later than one week prior to the June 14 public meeting to confirm attendance balance. He is leaving open the option to postpone the meeting in order to achieve this balance.

•□□□□□□□ We tentatively agreed to maintaining business as usual vis-à-vis press and meeting format.

•□□□□□□□ CoS Jackson would like a short history explaining the rationale and progression of this Sci Integrity public meeting, and how the invitation glitch occurred (i.e., that ACC had previously coordinated the industry invitations, and hence were the only industry group on the initial Outlook Invite).

•□□□□□□□ [We might consider the option for a meeting facilitator, due to the elevated level of press interest. This was not discussed with CoS Jackson, although we did note to the CoS that previous meetings have run smoothly.]

For that reason, we recommend inviting one or more representatives from the Heartland Institute and/or other recommended organizations, rather than all the individuals from these lists. We believe this is consistent with current practice and will create less of a potential story.

As a note, since our recent conversation with the Chief of Staff we have received 8 positive responses from the regulated community to participate in the meeting.

Please let us know what you prefer us to do and we'll get any additional invitations that you recommend out today.

Thank you.

Subject: RE: Scientific Integrity Public Meeting -- Action Items

Hi Bruce,

Thanks for the follow up email. This is consistent with what I heard yesterday. The only thing I would add is that Ryan asked whether press have been invited in the past and Tom was going to check (i.e., what is the business as usual for press?).

Also (not discussed yesterday), OPA may provide a list of additional groups to invite. I will

follow up with OPA and let you know if they recommend adding anyone to the invite list.

Thanks,

Susan

Subject: Scientific Integrity Public Meeting -- Action Items

Mike, Susan, Tom,

Summarizing the action items from today's discussion with CoS Ryan Jackson regarding the June 14 Scientific Integrity Public Meeting. Please edit if I missed something.

•□□□□□□□ The Administrator is looking toward a balanced meeting reflecting the interests of NGOs, industry, and states.

•□□□□□□□ OSA should:

- Send invitations directly to industry attendees from the previous public meetings, ASAP.

- Add representatives from state associations (We suggested ASTHO and ECOS--other suggestions welcome).

- Contact ACC to ascertain if they have already sent out/forwarded invitations, to whom, and the responses.

•□□□□□□□ OSA should maintain a list of those replying affirmatively regarding their attendance.

•□□□□□□□ ORD/OSA should keep Ryan Jackson, via Susan Burden, informed on how the RSVPs are progressing, in order to confirm balanced attendance at the meeting.

•□□□□□□□ ORD/OSA should update Ryan Jackson no later than one week prior to the June 14 public meeting to confirm attendance balance. He is leaving open the option to postpone the meeting in order to achieve this balance.

•□□□□□□□ We tentatively agreed to maintaining business as usual vis-à-vis press and meeting format.

•□□□□□□□ CoS Jackson would like a short history explaining the rationale and progression of this Sci Integrity public meeting, and how the invitation glitch occurred (i.e., that ACC had previously coordinated the industry invitations, and hence were the only industry group on the initial Outlook Invite).

•□□□□□□□ [We might consider the option for a meeting facilitator, due to the elevated level of press interest. This was not discussed with CoS Jackson, although we did note to the CoS that previous meetings have run smoothly.]

Subject: RE: Status of RSVPs for SI External Stakeholder meeting.

I should have proof read this earlier. Only the 1st bullet is about today's internal meeting. The other 3 bullets are about the external stakeholder meeting scheduled for June 14th.

Subject: Status of RSVPs for SI External Stakeholder meeting.

•□□□□□□□□ Ex. 6 [redacted]. We have postponed the EPA internal conversation with the Scientific Integrity Official

•□□□□□□□□ **Invitations for External Stakeholder Meeting**

o 54 invitations were sent out on May 8th. As planned, ACC forwarded our invitation to their staff and included it in their weekly membership newsletter.

o 52 invitations have been sent out since May 31st. We will be extending invitations to 5 additional groups later today.

•□□□□□□□□ RSVPs – we've received 19 accepted and 3 tentative RSVPs. Seven accepted RSVPS are from organizations representing the regulated community.

•□□□□□□□□ Details on the invitations are provided below. A dark green highlight indicates that we have an RSVP to attend, and a light green highlight indicates that we have received a "tentative" response. Please note that the meeting room is limited in size as we don't expect more than 20 organizational representatives to attend in person.

On June 5th we invited the following organizations via one or more identified POCs. The American Water Works Association responded that they have a company-wide meeting on that day, but would like the information forwarded to them after the meeting.

American Water Works Association
American Wood Council
The Heartland Institute

On June 1st we invited the following organizations via one or more identified POCs:

American Forest and Paper Association
American Gas Association
American Petroleum Institute
Association of Public Health Laboratories
Association of State and Territorial
Health Officials
Edison Electric Institute
Electric Power Research Institute
Environmental Council of the States
GE
ILSI
Lyondell Basell

On May 31st we invited the following organizations via one or more identified POCs.

ACMA
Afton Chemical Corporation
American Beverage Association
American Chemistry Council
Conrad Law and Policy Counsell
Council Producers and Distributors of Ag
CropLife America
Dow Corning
Dupont
ExxonMobil
FMC Corporation

Hexion
ICF
Monsanto
Naphthalene Council, Inc.
Proctor and Gamble
Public Member ACC SST
Regnet Environmental Services
Shell Oil Company
Summit Tox
The Dow Chemical Company
The Johns Hopkins University

On May 8th we invited the following organizations via one or more identified POCs.

American Chemistry Council
American Association for the Advancement of Science
American Chemical Society
American Federation of Labor and Congress of Industrial Organizations
American Geophysical Union
American Lung Association
Center for American Progress
Center for Progressive Reform
Demos
Earthjustice
Endocrine Society
Environmental Defense Fund
Environmental Integrity Project
Federation of American Societies for Experimental Biology
George Washington University
Global Biodiversity Center (Colorado State University)
Global Women's Institute (George Washington University)
Health Effects Institute
Investigative Reporters and Editors
National Center for Health Research
Natural Resources Defense Council

Open the Government
Project on Government Oversight
Public Citizen
Public Employees for Environmental Responsibility
Reporters Committee for Freedom of the Press
Resources for the Future
Society for Conservation Biology
Society of Environmental Journalists
Society of Professional Journalists
Union of Concerned Scientists
Wisconsin Public Radio
World Resources Institute

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

John

I can answer the second question. Tomorrow is the internal EPA listening session on scientific integrity, from 3:30 to 4:30.

For the first question, when we invite an organization, we generally do not limit to one individual – but Tom Sinks should confirm for this particular exercise.

Bob

Subject: Scientific Integrity Public Meeting -- Action Items

Mike, Susan, Tom,

Summarizing the action items from today's discussion with CoS Ryan Jackson regarding the June 14 Scientific Integrity Public Meeting. Please edit if I missed something.

•□□□□□□□□ The Administrator is looking toward a balanced meeting reflecting the interests of NGOs, industry, and states.

•□□□□□□□□ OSA should:

- Send invitations directly to industry attendees from the previous public meetings, ASAP.

- Add representatives from state associations (We suggested ASTHO and ECOS--other suggestions welcome).

- Contact ACC to ascertain if they have already sent out/forwarded invitations, to whom, and the responses.

•□□□□□□□□ OSA should maintain a list of those replying affirmatively regarding their attendance.

•□□□□□□□□ ORD/OSA should keep Ryan Jackson, via Susan Burden, informed on how the RSVPs are progressing, in order to confirm balanced attendance at the meeting.

•□□□□□□□□ ORD/OSA should update Ryan Jackson no later than one week prior to the June 14 public meeting to confirm attendance balance. He is leaving open the option to postpone the meeting in order to achieve this balance.

•□□□□□□□□ We tentatively agreed to maintaining business as usual vis-à-vis press and meeting format.

•□□□□□□□□ CoS Jackson would like a short history explaining the rationale and progression of this Sci Integrity public meeting, and how the invitation glitch occurred (i.e., that ACC had previously coordinated the industry invitations, and hence were the only industry group on the initial Outlook Invite).

•□□□□□□□□ [We might consider the option for a meeting facilitator, due to the elevated level of press interest. This was not discussed with CoS Jackson, although we did note to the CoS that previous meetings have run smoothly.]

•□□□□□□□□ Ex. 6 . We have postponed the EPA internal conversation with the Scientific Integrity Official

•□□□□□□□□ **Invitations for External Stakeholder Meeting**

o 54 invitations were sent out on May 8th. As planned, ACC forwarded our invitation to their staff and included it in their weekly membership newsletter.

o 57 invitations have been sent out since May 31st.

•□□□□□□□□ RSVPs – we've received 20 accepted and 3 tentative RSVPs. Eight accepted RSVPS are from organizations representing the regulated community.

•□□□□□□□□ Details on the invitations are provided below. A dark green highlight indicates that we have an RSVP to attend, and a light green highlight indicates that we have received a

"tentative" response. Please note that the meeting room is limited in size as we don't expect more than 20 organizational representatives to attend in person.

On June 6th we invited the following organizations via one or more identified POCs.

Cato Institute
Competitive Enterprise Institute
Heritage Foundation
AEI
IER

On June 5th we invited the following organizations via one or more identified POCs. The American Water Works Association responded that they have a company-wide meeting on that day, but would like the information forwarded to them after the meeting.

American Water Works Association
American Wood Council
The Heartland Institute

On June 1st we invited the following organizations via one or more identified POCs:

American Forest and Paper Association
American Gas Association
American Petroleum Institute
Association of Public Health Laboratories
Association of State and Territorial
Health Officials
Edison Electric Institute
Electric Power Research Institute
Environmental Council of the States

GE
ILSI
Lyondell Basell

On May 31st we invited the following organizations via one or more identified POCs.

ACMA
Afton Chemical Corporation
American Beverage Association
American Chemistry Council
Conrad Law and Policy Counsell
Council Producers and Distributors of Ag
CropLife America

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

Scientific Integrity Official

US EPA Office of the Science Advisor

  - 54 invitations were sent out on May 8th. As planned, ACC forwarded our invitation to their staff and included it in their weekly membership newsletter.

- 57 invitations have been sent out since May 31st.
- RSVPs – we've received 20 accepted and 3 tentative RSVPs. Eight accepted RSVPS are from organizations representing the regulated community.
- Details on the invitations are provided below. A dark green highlight indicates that we have an RSVP to attend, and a light green highlight indicates that we have received a "tentative" response. Please note that the meeting room is limited in size as we don't expect more than 20 organizational representatives to attend in person.

On June 6th we invited the following organizations via one or more identified POCs.

Cato Institute
Competitive Enterprise Institute
Heritage Foundation
AEI
IER

On June 5th we invited the following organizations via one or more identified POCs. The American Water Works Association responded that they have a company-wide meeting on that day, but would like the information forwarded to them after the meeting.

American Water Works Association
American Wood Council
The Heartland Institute

On June 1st we invited the following organizations via one or more identified POCs:

American Forest and Paper Association
American Gas Association
American Petroleum Institute
Association of Public Health Laboratories

Association of State and Territorial
Health Officials
Edison Electric Institute
Electric Power Research Institute
Environmental Council of the States
GE
ILSI
Lyondell Basell

On May 31st we invited the following organizations via one or more identified POCs.

ACMA
Afton Chemical Corporation
American Beverage Association
American Chemistry Council
Conrad Law and Policy Counsell
Council Producers and Distributors of Ag
CropLife America
Dow Corning
Dupont
ExxonMobil
FMC Corporation
Hexion
ICF
Monsanto
Naphthalene Council, Inc.
Proctor and Gamble
Public Member ACC SST
Regnet Environmental Services
Shell Oil Company
Summit Tox
The Dow Chemical Company
The Johns Hopkins University

On May 8th we invited the following organizations via one or more identified POCs.

American Chemistry Council
American Association for the Advancement of Science
American Chemical Society
American Federation of Labor and Congress of Industrial Organizations
American Geophysical Union
American Lung Association
Center for American Progress
Center for Progressive Reform
Demos
Earthjustice
Endocrine Society
Environmental Defense Fund
Environmental Integrity Project
Federation of American Societies for Experimental Biology
George Washington University
Global Biodiversity Center (Colorado State University)
Global Women's Institute (George Washington University)
Health Effects Institute
Investigative Reporters and Editors
National Center for Health Research
Natural Resources Defense Council
Open the Government
Project on Government Oversight
Public Citizen
Public Employees for Environmental Responsibility
Reporters Committee for Freedom of the Press
Resources for the Future
Society for Conservation Biology
Society of Environmental Journalists
Society of Professional Journalists
Union of Concerned Scientists
Wisconsin Public Radio
World Resources Institute

This is the standard invite that we send. If you provide us a POC we will be happy to send a direct invite.

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Dear Mr. Bast,

Thank you for your reply.

In response to your question, I would be happy to register your colleagues for next week's stakeholder meeting. Please send to me the list of their names and affiliations.

Also, please let me know whether you and your colleagues plan to attend in person or via conference line / AdobeConnect. We request this information so that we can ensure that we have a conference room that can accommodate all participants.

Please let me know if you have any questions.

Regards,

Martha Otto

Subject: RE: RSVP: Joseph Bast plans to attend June 14 meeting

Dear Ms. Otto,

Thank you! People affiliated with The Heartland Institute who plan to attend in person are:

Joseph L. Bast, president

Timothy Benson, government relations manager

Sterling Burnett, Ph.D., research fellow

Jay Lehr, Ph.D., senior fellow

Jim Lakely, communications director

Edward Hudgins, Ph.D., research director

Aaron Stover, corporate relations officer

Just a few minutes before I received your email, I sent an email asking them and other people who expressed interest in attending in person to reply directly to you. I don't believe anyone other than those listed above will cite an affiliation with The Heartland Institute, as most are academics or on the staffs of other think tanks.

I will encourage people who expressed interest but are unable to travel to Washington DC to RSVP for the conference call and AdobeConnect, too.

Best regards, and hope to meet you next week.

From: Otto, Martha
Sent: Thur 6/8/2017 2:41:37 PM
Subject: questions about the logistics for stakeholder meeting

Hi, Francesca, Tom,

Two questions about the stakeholder meeting:

1. Should we have the operator on the phone line manage the questions that we address. This is what ORD does. I find it a bit annoying, but perhaps would be worthwhile?

2. So far, we have 48 RSVPs from NGOs (17) and industry (31)* and another 18 have RSVPed to our meeting invitation who are EPA employees…for a total of 66 RSVPs. Some of these folks did not specify whether they would be here in person. We estimate that the mezzanine room will hold 30-40 people if it's set up theater-style. Emily has looked around and only found one room that would hold more than 50 people. That is the "map room" but it is already booked for the day. Do you have any suggestions?

*Note that some of the "industry" reps are actually from NGOs (just not from the group of NGOs in the May 8th invitation).

Thanks!

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.

OCIR said that we should not send the staffers invites directly (they are pretty strict about all communication between EPA and the Hill going through them), but they said they'll send me the names of those they send the invite to.

Also, is this meeting public or invite-only?

Hi, Sam,

The meeting is not public. We are sending invitations. However, while we do ask those attending to RSVP, we do not limit attendance to those who received an invitation. In other words, invitees may forward the invitation to others within their organization.

OCIR said that we should not send the staffers invites directly (they are pretty strict about all communication between EPA and the Hill going through them), but they said they'll send me the names of those they send the invite to.

Also, is this meeting public or invite-only?

This is the standard invite that we send. If you provide us a POC we will be happy to send a direct invite.

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this year's meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Please RSVP to scientific_integrity@epa.gov as soon as possible. Let us know if you plan to attend in person, by phone, or by AdobeConnect. Details are as follows:

EPA Scientific Integrity Annual Stakeholder Meeting

Wednesday, June 14th, 2017

3:00-5:00 PM

Ronald Reagan Building Mezzanine, Room 301 A-B

RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

AdobeConnect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Hi Marti!

Here it is, just in case you need it tomorrow. Also, my cell number is Ex. 6 I won't have my phone on me much, but if you send me a text, I can get back to you later.

Cheers, and have a good weekend!

Emily

Master Stakeholder List.xlsx

Hi Marti!

Here it is, just in case you need it tomorrow. Also, my cell number is [redacted] Ex. 6 . I won't have my phone on me much, but if you send me a text, I can get back to you later.

Cheers, and have a good weekend!

Emily

From: Otto, Martha
Location: Ronald Reagan Building Mezzanine, Room 301 A-B
Importance: Normal
Subject: POSTPONED: EPA Scientific Integrity Annual Stakeholder Meeting
Start Date/Time: Wed 6/14/2017 7:00:00 PM
End Date/Time: Wed 6/14/2017 9:00:00 PM

Sent on behalf of Francesca T. Grifo, EPA Scientific Integrity Official

Dear All,

The EPA Scientific Integrity Annual Stakeholder Meeting that was scheduled for June 14, 2017, has been ***postponed.*** *Dr. Grifo is unable to host the meeting as scheduled. The stakeholder meeting will be rescheduled as soon as possible. Once we have a new date, we will send an invitation to you for the rescheduled meeting.*

Thank you for your interest in EPA's Scientific Integrity Program.

Greetings,

It is my pleasure to invite you to the U.S. Environmental Protection Agency's (EPA's) Scientific Integrity Annual Stakeholder Meeting. At this meeting, as the EPA Scientific Integrity Official, I will answer your questions, share current scientific integrity initiatives, and discuss future plans for scientific integrity at EPA. Details are as follows:

POSTPONED

EPA Scientific Integrity Annual Stakeholder Meeting
~~**Wednesday, June 14th, 2017**~~
~~**3:00-5:00 PM**~~
~~**Ronald Reagan Building Mezzanine, Room 301 A-B**~~
RSVP Required: scientific_integrity@epa.gov

Audioconference No: 1-866-299-3188 code: 202-564-6811

Adobe Connect Link: http://epawebconferencing.acms.com/stakeholdermeeting/

**To access this meeting, attendees must check in with security using a valid government-issued photo ID. All attendees should RSVP to facilitate their admittance to the building.*

I hope that you will join me to learn more about how we are ensuring a culture of scientific integrity at EPA.

Sincerely,

Francesca T. Grifo, Ph. D.
Scientific Integrity Official
US EPA Office of the Science Advisor

Dear Mr. Rogers,

I am sorry to report that the EPA Scientific Integrity Annual Stakeholder Meeting that was scheduled for June 14, 2017, has been postponed.
Dr. Grifo is unable to host the meeting as scheduled. The stakeholder meeting will be rescheduled as soon as possible. Once we have a new date,
we will send an invitation to you for the rescheduled meeting.

Thank you for your interest in EPA's Scientific Integrity Program.

Understood and thanks for the information but surely someone else from EPA could have stepped in to run this meting in the event that Dr. Grifo could not have done so (I realize this is not ideal of course, but neither is canceling the meeting— I am sure I am not the only one who was coming from out of the area to attend. . .

Subject: RE: POSTPONED: EPA Scientific Integrity Stakeholder Meeting

We apologize for the inconvenience. All I can say at this point (to protect Dr. Grifo's privacy) is that Dr. Grifo has been unable to come into the office for the past several days and we did not want to wait until the last minute to cancel. We had to make the call today.

This is extremely disappointing. I was traveling from across the country to attend this meeting. Is there some sort of explanation for this last-minute cancellation?

Subject: status of contacting invitees about the postponement of Stakeholder meeting
sent postponement notice on 9June2017.docx

Hi, Emily,

I have contacted the folks in the attached list regarding the postponement.

- I took industry & other association representatives' names from the Master Stakeholder List.

- I took NGO names from your Invited Stakeholder list.

- I responded to new emails in the ScI mailbox through 3:00 pm today.

I emailed invitees on our Outlook calendar invitation.

I marked the invitation "postponed". I didn't cancel the meeting yet. You might want to do that on Monday.

These were undeliverable email addresses:

ronaldwhite@comcast.org

janet@wri.org

carlson@ge

dparsons@conbio.org

ykothair@ucsusa.org

Please verify that I've notified everyone who we had invited…not just those who have RSVPed.

Thank you for picking up any loose ends on Monday.

- Marti

Subject: status of contacting invitees about the postponement of Stakeholder meeting

Hi, Emily,

I have contacted the folks in the attached list regarding the postponement.

- I took industry & other association representatives' names from the Master Stakeholder List.

- I took NGO names from your Invited Stakeholder list.

- I responded to new emails in the ScI mailbox through 3:00 pm today.

I emailed invitees on our Outlook calendar invitation.

I marked the invitation "postponed". I didn't cancel the meeting yet. You might want to do that on Monday.

These were undeliverable email addresses:

ronaldwhite@comcast.org

janet@wri.org

carlson@ge

dparsons@conbio.org

ykothair@ucsusa.org

Please verify that I've notified everyone who we had invited…not just those who have RSVPed.

Thank you for picking up any loose ends on Monday.

- Marti

Subject: June 14 meeting

Dear Dr Grifo:

I note that the June 14 meeting, ***EPA Scientific Integrity Annual Stakeholder Meeting,*** is postponed. Please let me know when it is rescheduled.

Hi Marti,

From what I can tell, we've reached everyone. I'll keep an eye out for any late RSVPs that may be from messages forwarded to other people. Those undeliverable emails were all updated in the Master List, so no one should be left out.

Also, I have started the process of making sure that there is a slide up in the adobe connect room, a notice if someone calls the conference line, and a sign on the door of the meeting room letting people know that the meeting has been postponed if they miss the message.

I will also go ahead and cancel the actual meeting invite.

Thanks!

Emily
