General Notice Letter_Complete.pdf

Ilana,

Attached is a complete scan of the General Notice Letter. We believe the hard copy of the letter was mailed in its entirety.

U.S. EPA is willing to grant a two week extension, until August 1, 2014, for Statoil USA Onshore Properties to respond to the letter.

Kind regards,

Sheila,

The last page of this scan indicates that Statoil must respond in writing by today. Could you please send us a complete version of the letter? We have not yet received a hard copy in the mail, though it was date-stamped July 16, so I'm sure it is still making its way to us. Since we have not received a complete copy of this letter, we will likely need to request an extension of the deadline.

Thanks,

Ilana

My apologies - I've just noticed that the PDF I was sent appears to lack the second page of the letter. I will send on a complete scan tomorrow.
