I was told that Statoil received written permission from all landowners for access. They have thoroughly documented the access locations and are prepared to restore any areas in need. Mike and I walked these areas and the impact was minimal as they used existing oaths in most cases but we were going to defer to others such as you and USFW for input.

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.

For the vegetation clearing that was done, were the landowners contacted and advised of the activity?
