This is a message from the California Regional Water Quality Control Board, Central Valley (5).

Please find attached the Notice of Public Hearing and Opportunity to Comment on proposed changes to the 2018 Clean Water Act Section 303(d) List for the Central Valley Region (Notice). The Central Valley Regional Water Quality Control Board (Central Valley Water Board) will accept comments on the proposed changes to the Clean Water Act Section 303(d) list of impaired water bodies (303(d) list) during a thirty (30) day public comment period which begins March 28, 2019 and ends April 28, 2019.

The Central Valley Water Board will hold a public hearing to consider adopting a resolution to approve the proposed listing recommendations to the 303(d) List during the regularly scheduled Board meeting. Meeting agendas with the meetings date and times will be available at least ten days prior to the public meeting and hearing.

Date: 6 or 7 June 2019
Location: Central Valley Water Board
11020 Sun Center Drive, #200
Rancho Cordova, CA 95670

Proposed revisions to the Central Valley Region 303(d) List during the 2018 listing cycle were limited to waterbodies being addressed by existing regulatory programs, such as adopted Total Maximum Daily Loads (TMDLs) and the Irrigated Lands Regulatory Program (ILRP). A full assessment of all readily available data for the Central Valley Region waterbodies will be completed during the 2020 listing cycle. Please see the attached Draft Staff Report for a full description of the proposed changes to the 2018 303(d) list.

The attached Notice and Draft Staff Report, along with all subsequent materials supporting the proposed changes to the 2018 303(d) list, can be found at:
