Subject: FW: Water level elevation information for the Tower Standard LUST site
20160616103807733.pdf

Kristen,

This is what I sent to Mr. Leaf. He asked if we had any water level information and I told him that we had some from REI. He then asked me to send it to him.

Subject: Water level elevation information for the Tower Standard LUST site

Andy,

Thank you for talking to me this morning about the Haskell Lake project.

Attached are two tables from a recent report written by REI (the PECFA contractor) with water level information from the monitoring wells. I hope this is helpful.

I look forward to observing the work scheduled for next month.

Regards,
Bob
