John,

I hope that you have enjoyed a nice break over the holidays.

I am writing to check in with you about Tower Standard. I know you have been talking with Bob Egan about the need to discuss the site. In addition to gathering for a meeting to talk about next steps from a technical perspective, I think we should meet to talk about communication and information sharing. If possible, I would like to talk with you within the next several days about setting up a meeting or call to discuss this. Are you available for a quick call?

Subject: Tower Standard Site

Hi Darsi,

Happy New Year. I hope you enjoyed the holidays.

I am writing to let you know that I will be sending a letter to the Kozaks sometime this week regarding their Federal responsibilities at the Tower Standard site. Among other things, the letter lays out requirements for sharing data and other information with USEPA and the Lac Du Flambeau Tribe. Once the letter is finalized and sent I will forward a copy to you. In addition, I understand my staff is working with your staff to find a date for a meeting between USEPA and WDNR to discuss how we can improve communication and information sharing for the site. In the meantime, please do not hesitate to call if you would like to discuss this further.

Thanks,

Margaret
