No, not that I am aware of. Since most of the information is from the RI which is still under review, I don't expect that their presentation would be public. I will look into it.

Yes, I agree that we should have another meeting to discuss the Interim Remedy. What is your availability in your schedule for the next few weeks.

Diane, regarding today's CSTAG meeting, I was requested to acquire:

- a listing of the CSTAG members and their affiliations;
- time frame of CSTAG deliberations, and will CSTAG provide a report of their recommendations to EPA, DEP, others; and
- What are EPA-Region 2's anticipated next steps in responding to Stakeholders on the topic of an Interim Remedy as currently proposed by the CPG? Discussion with Partner agencies?

thank you in advance for your help, Regards Jay
